Committee Asks Full \$16,845,181,000 For Speeding Up Defense

Trim Amounts on Atomic Energy And Various of Other Agencies

By William F. Abrogast
WASHINGTON, Dec. 15—(AP)—Rep. Cannon (D-Mo.), head of the house appropriations committee, asked the house today to approve an \$18,033,000,000 defense bill and described it as "the first installment" on "a preparedness program that will extend to astronomical heights."

Cannon said his committee presented the measure "reluctantly but there is no alternative." It provides the extra defense funds asked by President Truman after the Chinese Communists launched their offensive in Korea.

WASHINGTON, Dec. 15—(AP)—The house appropriations committee today urged congress to grant the entire \$16,845,181,000 asked by President Truman to speed up national defense.

It did not cut a single penny from any of the extra funds requested for defense after Chinese Communists forces launched their successful offensive in North Korea.

But the committee trimmed amounts sought for the Atomic Energy Commission, the National Advisory Committee for Aeronautics, the Tennessee Valley Authority and the Subversive Activities Control Board created by the new anti-subversive law.

Appropriations for these and various other agencies were lumped by the committee into an omnibus \$18,033,004,424 bill slated for House consideration later today.

The total is \$47,741,610 lower than the amounts proposed by the president through the Budget Bureau. The largest cut—\$210,000,000—was made in the \$1,050,000,000 sought by the Atomic Energy Commission for an expansion of atom bomb production.

At the last minute, the committee approved a new fund of \$224,000,000 for the Maritime Commission's shipbuilding program. Committee members said this would enable the commission to proceed at once with construction of an estimated 34 cargo ships.

The new allotment for the army, the navy and the air force would boost defense appropriations to almost \$42,000,000,000 for the fiscal year ending next June 30.

And the committee said "There are already indications of need for more funds." There were reports the Pentagon might ask for another \$8,000,000,000 before the fiscal year ends.

More For Weapons
The additional money is designed to build up and fully equip with the newest and most deadly weapons a military force of 2,766,022 by next June 30. It would provide 1,264,900 for the army, 683,872 for the navy, 166,155 for the marine corps and 651,095 in the air force.

This is about 1,264,000 more people in uniform than originally planned for the present fiscal year.

To speed up the filling of the military ranks, the committee recommended a boost in funds for the Selective Service system.

By departments, the new defense funds were allotted this way:
Army, \$9,211,799,000, including \$934,000 for the Alaska Communications Commission.
Navy, \$2,979,371,000; this includes the marine corps.
Air Force, \$4,603,011,000.

The committee said it had been unable to give the most careful scrutiny to the defense requests but approved them with the faith that military leaders will exercise the maximum economy control.

Christmas Mail Piles Up

Railroad trainmen extended their wildest strike to St. Louis and Washington in defiance of a U. S. court order to return to work. A wildcat walkout began in Chicago when brakemen, switchmen and yard conductors failed to come to work. Here at Washington terminal stacks of Christmas mail pile up on a platform waiting for transportation. (NEA Telephoto)

Veteran Senators To be in Control

JEFFERSON CITY, Dec. 15—(AP)—Two veteran senators will be in control of Democratic policies in the 1951 Missouri senate—William M. Quinn of Maywood as president pro tem and Anthony M. Webbe of St. Louis as floor leader.

They were elected by a Democratic caucus yesterday in a closed session described later as harmonious.

Quinn, a senator since 1934, had no opposition. But Webbe's election caused a close division. He was elected over Sen. Richard J. Chamier of Moberly, 11 to 10, with Chamier casting the deciding vote for his opponent.

Crack Down On Inflation

Gov. Dewey is Insistent on Full Mobilization

NEW YORK, Dec. 15—(AP)—Gov. Thomas E. Dewey last night demanded an immediate mobilization of American military and productive might to stem the spread of Communist aggression.

In a speech before the New York County (Manhattan) Lawyers Association, the governor urged universal military training, a U. S. army of 100 divisions, all-out production for arms and a pay-as-you-go policy to crack down on inflation. The governor also urged immediate call-up of 25 new inactive national guard divisions.

Speaking as the titular head of the Republican party, Dewey said: "Let us get rid of the idea we can stop Russia by appropriating billions of dollars, setting up new government boards and then continuing wage rounds as usual, price increases as usual and politics as usual."

Wants Immediate Action
We cannot "sit down and do business with Stalin while we are weak and he is strong," the governor said. He proposed immediate action on the following:

1. A 100-division U. S. army, an 80-group air force and a full strength navy.
In connection with our own armed forces buildup, Dewey urged enlistment of all possible allies, whether we "agree with their domestic policies or not."

2. General registration of all U. S. men and women above the age of 17 for national service, and universal military training of at least two years.

Legislation for UMT, Dewey said, should be "enacted now—this month—not next month."

3. Appointment of an economic mobilizer, who should be "the

More Accidents On Highways

Fatalities and accidents in Troop A of the Missouri State Highway Patrol for the eleven months of 1950 have shown a decided increase over the first eleven months for 1949. Pettis County likewise is showing an increase in accidents and losses due to accidents while the fatalities are less and the injured 19 less, however with accidents which occurred in this area over this week, the injury list is expected to just about equal 1949 before the twelve months period ends.

In Pettis County the record shows (first figure the month of November; second figure 11 months total; the third figures are 11 months period for 1949) Accidents 8, 110, 86; Killed 0, 2, 12; Injured 2, 55, 74; Property damage \$4,390; \$52,535; \$47,261.

Captain O. L. Viets commanding officer of Troop T, Lee's Summit reports 2,255 accidents have been investigated by the Patrol during the first eleven months of 1950, in the thirteen mid-western counties outside of cities of 10,000 or more population. There were 1829 accidents during the corresponding period of 1949 while this year for the period 1,699 persons have been injured and the property damage has been \$1,053,401.00 and 105 persons have been killed today.

The death increase for the same period for this year is four more than 1949.

Six Injured In Auto Crash South of City

Brought to The Bothwell Hospital For Treatment

Six persons were injured, three severely about 12:30 o'clock this morning on Highway 65 about 13 miles south of Sedalia, when a car driven by Oliver Stinnett crashed into a parked car knocking it into another parked car. All three vehicles were badly damaged.

Injured were: Herbie Harms, 24, route one, Cole Camp, fracture of the jaw, sprained left ankle, and numerous bruises.

C. B. "Chuck" Sprague, 41, Sunrise station at Cole Camp Junction, received a laceration in the center of the forehead down between the eyes, three-corner laceration on the back of his right hand, both of which took several stitches to close those wounds. He also suffered shock, bruises, and complained of his stomach hurting.

Mrs. C. B. Sprague, 38, wife, severe laceration on the bridge of her nose, possible fracture of the nose, and bruises on her face.

Miss Virginia Lee Hattey, 39, Sunrise station, both knees had abrasions, bruises, and a bruised spot on the left side of her face.

Oliver C. Stinnett, 27, 501 East Third street, had a bruise on his forehead between the eyes.

Mrs. Oliver Stinnett, his wife, had cuts and bruises about both knees.

Treated at Hospital
They were treated at the Bothwell hospital by Dr. Carl Siegel.

According to the report given to Sergeant William S. Barton of the State Highway Patrol, the Spragues, with Harms and Miss Hattey had started to Sedalia in the Sprague 1940 Dodge sedan, when the car began to give trouble. The car was pulled off onto the shoulder on the east side of the road and parked while Harms, a mechanic at the Lester Mahan garage at the Windsor Junction began to investigate. A sediment bowl on the fuel pump had jarred loose and was lost.

Harms then hitch hiked a ride back to the garage and obtained his car and returned to pick up Mr. and Mrs. Sprague and Miss Hattey and they came to Sedalia and obtained the necessary part. Returning, he pulled his car off of the highway onto the shoulder facing the Sprague car and left his lights burning so they could see to work on the Dodge.

Harms and Sprague were working on the car and leaning over the fender when Stinnett came from the south, headed toward Sedalia. His car caught the left half of the rear part of the Dodge.

Hear Voice of a Trapped Miner

SELLECK, Wash., Dec. 15—(AP)—Desperately digging rescue workers reported early today they had heard the voice of a trapped coal miner from a rock slide in which they had expected to find him dead.

The trapped man was John Woltz, 54. Fellow miners have been digging slowly, against odds, for two nights and into the second full day. The "quickie" slide occurred Wednesday afternoon in the Big Four mine, about 25 miles southeast of Seattle.

Joe Bertelli, a rescue crew member, first reported hearing Woltz's voice in response to shouts in the pre-dawn hours this morning.

Perverts Easy Marks to Spies

WASHINGTON, Dec. 15—(AP)—A Senate investigating committee today described sexual pervers as easy marks for foreign spies and said many federal agencies have been lax about routing such pervers out of government jobs.

The group reported that in general it found "the same shortcomings and delinquencies" in the handling of the problem among congressional employees as it did with respect to workers in the executive branch of the government.

Contempt Action To Be Taken

Mail, Express And Freight Hampered By Strikes of Yard Workers

NEW YORK, Dec. 15—(AP)—The railway express agency here said today an embargo had been placed on all express matter into and out of 15 states, the District of Columbia and St. Louis because of the railroad strike.

States from which express can not be moved, effective immediately, are: Connecticut, Delaware, Indiana, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont and Illinois.

The agency said it also had embargoed movement of all express from the non-listed states, District of Columbia and St. Louis Mo., into the embargoed areas.

Express can move within the 15 state area, however.

The agency said medical and funeral supplies and government shipments vital to the war effort were exempt from the embargo order.

PITTSBURGH, Dec. 15—(AP)—Railroad strikes spread to the Pittsburgh district today, halting operations on the 29-mile Pittsburgh, Chartiers and Youngburg-henry railway, a freight switching operation.

Yard operations also were shut down at Knoxville, Tenn., and Birmingham, Ala., by walkouts.

WASHINGTON, Dec. 15—(AP)—Attorney General McGrath announced today he will bring contempt actions in the federal district courts at Chicago and Cleveland this afternoon against the Brotherhood of Railroad Trainmen.

He said these courts will be advised that the union has disregarded the restraining orders which they issued during the last two days directing an end of the railroad yard strike, which is continuing to spread.

A third restraining order has also been issued against the walk-out by the federal court here. It was indicated that the government will give the union some

Mail Bag And a Parcel Stolen

Mail thieves successfully stole a mail sack and a parcel post box from the platform of the Missouri Pacific railroad station sometime between 7:30 o'clock Thursday night and 9:45 o'clock this morning, according to a report to the Sedalia police today.

The report gives one mail sack with contents destined for Lincoln, Mo., to Mobile, Ala., and the parcel post package mailed from Mr. and Mrs. Earl Kuhlman, Concordia, Mo., to Miss Kathryn Kuhlman, Pittsburgh, Penn., were taken.

However, the parcel post package was found later this morning along with the mail sack, minus contents, east of Ohio avenue near the Stanley Coal Co. yard. The sack had been cut open and tossed on the railroad track, and the package was open, the contents of the package, a hand painting, was found later near a pile of lumber.

Police are conducting an investigation.

Deem Western Germany Essential to Defense

By DeWitt MacKenzie
AP Foreign Affairs Analyst

The efforts of the democracies to bring western Germany into their European defenses — and quickly — is going to involve concessions to the still great pride of a conquered Reich.

The Allies are up against the certainty that western Germany is essential to defense, both because of its key position in central Europe and for its manpower

Higher Prices in All Auto Lines

DETROIT, Dec. 15—(AP)—A new and higher price line in the auto industry for 1951-model cars is now solid from end to end.

Chrysler made it so last night, announcing price increases for all its cars and trucks.

The Chrysler action, following hard upon Ford and General Motors price boosts, came as the government made a new move in the inflationary spiral.

Heads of the auto industry and union leaders were summoned to Washington for a meeting next Wednesday.

At the capitol it was assumed this would be an attempt to work out a wage-price stabilization formula for the industry.

Wage Stabilizer Cyrus W. Ching said "some kind of controls, either voluntary or mandatory, are in the realm of possibility."

In boosting its '51-model prices Chrysler gave an explanation almost identical to those of Ford and GM—increased costs of materials and labor.

Price Control Is Opposed

Farm Groups View it as a 'Tragic Error'

DALLAS, Dec. 15—(AP)—The American Farm Bureau Federation turned on the pressure today in an attempt to persuade President Truman not to impose price controls.

Delegates to the 1950 convention, which ended here last night were wiring their senators and congressmen. Their president, Iowa hog farmer Allan B. Kline, told them "Don't let your senators push you around."

Kline himself tried to reach Mr. Truman by telephone last night to tell him of the federation's unanimous action yesterday in condemning price and wage controls, and rationing, as anti-inflation weapons.

Unable to reach the president, Kline sent him a telegram declaring "It is our well-considered and unanimously-approved opinion that price controls at the present time would be a tragic error."

Shortly before the convention ended, asked "everyone here to write out a little wire to your senators and congressmen."

Kline asked them to "put in your own words" their opposition to controls.

Sustained applause accompanied passage of the anti-controls resolution, and Kline's news of his personal efforts to persuade the president.

"Inflation cannot be stopped by price, wage and ration controls," said the resolution. "The interference with production, impair the flexibility of our economy, reduce our capacity to expand output, require huge administrative staffs and invite black markets."

The federation turned down a southern Democrat's plea that "we say something kind about our government" by passing a resolution thanking the late President Roosevelt, President Truman and members of Congress for establishing stable markets and fair farm prices.

"I hate for us to go home without saying something kind," said Edwin Hawes, Jr., Wharton, Texas, Farm Bureau member and long-time Democrat. "Farmers should not and must not cast off their friends."

The resolution was tabled after Charles B. Shuman of Sullivan, Ill., president of the Illinois federation, objected that it was "unnecessary because through the years it has been left to our officers and directors to express such thanks."

J. B. Butler of Chatsworth, Calif., a Republican, made the motion to table, which carried by an overwhelming voice vote. Before this, Hugh Agnew of South Carolina had suggested deletion of the names of President Roosevelt and Truman from the resolution.

"We must remember our federation has a Republican president," said Hawes. Kline is a Republican. Hawes added: "It's a matter of common knowledge that he was supposed to be secretary of agriculture in Tom Dewey's cabinet."

Gifts of Watches For Kindness to a Soldier

TIFFIN, O., Dec. 15—(AP)—Five years ago, William Geiger picked up a hitch-hiking soldier, fed him, bought him a bus ticket to his home in Joliet, Ill., and gave him \$5. Today, Geiger and his wife each had new 17-jewel wrist watches as presents. The ex-GI did not send his name and address, however, explaining in a note that then "you would want to send me something."

Ninety Million Bond Issue is To be Proposed

Recommended by University Board Of Visitors Today

MEXICO, Mo., Dec. 15—(AP)—A \$90,000,000 bond issue to finance a 15-year construction program at the state's nine educational institutions was recommended today by the University of Missouri board of visitors.

The report, submitted today to Gov. Forrest Smith, was the result of a survey made by the fact finding group to determine the needs of the schools.

Allen P. Green, Mexico, chairman of the board, said the group had during the past eight years made a complete and exhaustive study of the status, history, growth, progress and needs of the institutions.

"The work of the board is now completed," Green said. "The responsibility of providing the funds recommended now rests with the governor, the general assembly, and the people of the state."

"The board feels that the amount so urgently and quickly needed by the educational institutions can be obtained only by means of a fifteen-year bond issue and so recommends."

Amounts Suggested
The amounts recommended in the report included:
University of Missouri
Columbia\$56,950,000
Rolla 5,975,000
Lincoln University 3,500,000
State Colleges
Kirksville 3,593,500
Warrensburg 4,695,000
Cape Girardeau 3,450,000
Springfield 5,166,500
Maryville 2,610,000
School for the Blind 1,475,000
School for the Deaf 2,579,475
Total\$89,994,475

Included in the sum recommended for the University of Missouri.

Atomic Plant To Paducah

WASHINGTON, Dec. 15—(AP)—The atomic energy commission officially announced today it will build a huge new plant near Paducah, Ky.

The House appropriations committee disclosed at about the same time that the project is expected to cost \$500,000,000. The committee has been considering funds for a \$1,050,000,000 expansion program for atomic production facilities, of which the Paducah plant will be a part.

The AEC said the Kentucky site will cover about 5,000 acres, "a considerable part of which will be obtained through purchase, around the present Kentucky ordnance works, 16 miles west of Paducah."

Pre-Dawn Attack
The Reds swarmed from snow-mantled foothills onto the flats at Sinsong, six miles southeast of Hamhung. They attacked in pre-dawn darkness in estimated regimental strength. The assault raged throughout the day and continued into the night.

"We fired about 300 rounds of 76 MM. shells and about 15,000 rounds of machinegun ammunition at the Chinese," a tank officer told AP Correspondent Tom Lambert after his force tried to rescue the last platoon.

"I couldn't begin to estimate how many we killed," Correspondent Lambert, with the U. S. third division, reported the Chinese broke through the outlying mountain barrier onto the plains.

The cutoff third division platoon directed artillery fire into the Red ranks. Communications with the 40 doughboys blacked out shortly after tanks failed to reach them. The platoon men were presumed lost, although Maj. Samuel G. Kail of Dallas said they still were battling when last heard from at noon Friday.

Lambert said the Red "advance onto the beachhead's flat plain posed a serious threat to allied forces backed against the sea." A security blackout shrouded allied activities elsewhere within the beachhead.

The U. S. first marine and third and seventh infantry divisions and elements of two South Korean divisions, a few British commandos and Puerto Ricans retreated into the beachhead last weekend.

Friday's major attack came after two lighter, probing thrusts were beaten off Thursday.

Many Killed in Headlong Dash As They Kept on Moving to Tanks

By Robert Eunsion

TOKYO, Dec. 15—(AP)—Swarming Red Chinese attacks drove into the shrinking allied beachhead in northeast Korea today and roared on tonight with the aim of annihilating the U. S. Tenth Corps defenders.

Many Chinese were reported killed in headlong charges of Red infantry and cavalrymen under allied eank, artillery and air counterattack and against withdrawing doughboy defenses.

Bu the Reds kept coming onto the blazing flatlands of the sea of Japan coast in the Hamhung-Hungnam port area.

The first major attack was made by some 2,500 shouting mounted and foot soldiers who leaped aboard American tanks and tore at them with small weapons and their bare hands.

Bigger attacks were expected tonight out of the force of 100,000 Chinese ringed around the United Nations forces backed up against the sea of Japan.

The beachhead was the last refuge in the northeast for around 60,000 allied troops who were forced to retreat by the Chinese entry into the war late in November.

One Platoon Cut Off
One American platoon—normally 40 riflemen and one junior officer—was cut off and presumed lost in the initial attack by the 2,500 Reds.

A tank-led column failed to rescue the platoon and had to fight off Chinese soldiers who pried at the tanks' hatches in frenzied hand combat.

The tanks withdrew undamaged after they ran out of ammunition. The bulk of allied forces in the slimming beachhead southwest of Hamhung withdrew to new defense positions set up in depth of the seashore.

In northwest Korea, a two-week full on the Eighth army's front was expected to be broken soon by other Chinese hordes. A big Red troop movement on the Eighth army's right flank in central Korea northeast of Seoul was reported.

Another dogfight prelude to the expected big air war was waged by flashing jets in the extreme northwest corner of the peninsula.

But the sustained assault by Chinese horsemen and infantry on the narrow Hamhung-Hungnam sector in the northeast posed the immediate and serious threat.

• The Washington Merry-Go-Round

**Gen. Marshall Establishes
Dangerous Precedent**

By Drew Pearson

(Copyright, 1950, By The Bell Syndicate, Inc.)

WASHINGTON, Dec. 15 — When Gen. George Marshall was appointed secretary of defense, criticism was raised that he would instinctively break down civilian safeguards. Traditionally, civilians have commanded the army, navy and air force, so it was argued that putting a military man in charge of all three services was dangerous.

One phase of this criticism now appears justified. Though he has been in office three months, General Marshall has not yet called a formal meeting of the secretaries of the army, navy and air force. Under Louey Johnson they met almost every week — sometimes oftener. But under Marshall they have not met at all. Instead he, a military man, leans almost entirely on the joint chiefs of staff.

In fact, the joint chiefs of staff today have become about the most important governing factor in Washington.

With broad-minded Gen. Omar Bradley as chairman of the joint chiefs, this is not dangerous. Furthermore, the other joint chiefs—Gen. Joe Collins, Adm. Forrest Sherman and Gen. Hoyt Vandenberg for air — are also civilian-minded officers. However, the precedent is dangerous. For it creates a system similar to that which dominated Germany.

Musical Criticism

Most people have forgotten that, regardless of Harry Truman's letter to music-critic Paul Hume, the right to criticize musical and dramatic performances has been established by the American courts in the case of New York Times versus the Shubert theatres.

It happened that the Shuberts objected to New York Times drama reviews, refused to give Times critics the customary passes, following which the critics purchased their own tickets. However, these were not honored at the entrance and the critics were barred.

The New York Times then went to court, and its attorney, Alfred Cook, brother-in-law of Washington Post publisher Eugene Meyer, won the important verdict that newspapers have the right to criticize and the right of access to musical and dramatic production in order to criticize. No power can bar them.

Ironically, it was Eugene Meyer's music critic who got the wrath of President Truman on his head when he exercised that right.

Interesting Contrast — Wonder what would have happened to a Moscow newspaperman if he had criticized the child of Russia's top man? The rapid promotions of Lieut. Gen. Vassili Stalin, son of Joseph Stalin, might be compared to the rapid musical development of Margaret Truman, in that the less-spotlighted youngsters might not have come along so fast. But at least in this country we can criticize—even at the risk of a bloody nose, "plenty of beefsteak" and a "supporter."

Voteless Hawaii

Nebraska's senator Ken Wherry was queried by a friend as to why he voted against statehood for Hawaii.

"I'm afraid we might get some of these new dealers in the Senate," Wherry replied, referring to the fact that Hawaii, as a state, could send two senators to Washington.

"You'd get Joe Farrington as a senator," Wherry was reminded, the reference being to the stanch Republican delegate who now represents Hawaii in Congress. "Do you consider Joe a new dealer?"

"How did he vote?" asked the GOP Senate leader.

The friend of Hawaiian statehood, though amazed at Wherry's ignorance, didn't dare tell him that the delegate of Hawaii and of other territories cannot vote at all, and that this is the main reason they want statehood. So he replied: "Oh, Joe voted about the way you did."

Washington Keyhole

Irony of the GOP attack on Dean Acheson is that he had wanted to retire around Jan. 1. Now in view of the bitter battle against him, both his and the President's dander is up. . . . When Acheson does get out, keep an eye on Tom Finletter, now secretary for air, as the new secretary of state. Finletter did a bang-up job for the state department at the San Francisco conference, has also handled various big international-economic problems. . . .

Quoth Wyoming's Sen. Joe O'Mahoney to Herbert Bayard Swope when asked if he'd take the Senate Democratic leadership: "I don't relish the idea of being the majority leader of a minority party." . . . Attorney-general-elect Pat Brown, only Democrat elected in California, took time to interview most Washington officials who deal with his state's intricate problems — reclamation, tidelands oil, highways, etc. Brown also conferred with most of the California congressmen.

Chinese Relax

The behavior of Chinese Communist delegates at Lake Success is so boorish that it makes the Russians seem friendly by comparison.

Occasionally, however, one of the Chinese will relax and let his mask down. This happened at secretary-general Trygve Lie's pri-

vate dinner at which General Wu surprised other guests by being quite amiable.

Instead of the torrent of denunciation which he usually launches against the west, Wu drank a couple of cocktails and told some amusing stories about his military career.

While it couldn't be said that Wu got around to any slap-you-on-the-back intimacy, he let drop some hints that the Democratic system had some pleasing aspects. For instance, he expressed surprise that the United Nations had done him the courtesy of translating his two-hour tirade against the west and distributing it to the press in English.

Perhaps if the Chinese delegates were exposed to western hospitality a little more — with no Russians looking over their shoulder — relations might improve. But as things now stand, the Russians are around almost every minute.

**So Far Moscow Has Failed
To Split Up Western Powers**

By Bruce Blossat

It's too early to measure the ultimate worth of the Truman-Attlee talks in Washington. But one thing they have already proved beyond doubt: Moscow's attempt to split the western powers is doomed to failure.

U. S. correspondents in Europe have been telling us the break-up of the North Atlantic nations was one prime Soviet objective in prodding the Chinese Reds into their Korean offensive. Evidence of this aim comes from Russia itself, where recently there was premature shedding of tears (glycerin, of course) over the predicted collapse of the western alliance.

The Kremlin figured that disputes between Britain, France and the United States over how much strength to commit in Korea would cause the falling out. If that could have been gained, it would have been well worth the risk, since the vitally important unity of the West in Europe would have been destroyed.

Prime Minister Attlee effectively spiked that hope from the moment he landed on American soil. He dashed it for good and all when he told the National Press Club a few days later that "in fair weather and foul" Britain will stand with America.

President Truman, for his part, was just as much concerned that no crack be allowed to develop in the West's armor. Through the State Department, he made it plain that a rift simply would not be countenanced.

It was necessary for Attlee to push out of sight some of the criticisms his countrymen had been making of the United States. This he did, with unhesitating resolution.

It was necessary for the President, too, to soft-pedal some American complaints against the British and French.

This isn't to suggest that the two heads of state were in complete harmony at every stage. Reports filtering out of their various meetings indicate they spoke out quite plainly on many topics. One may surmise that a healthy clearing of the air has resulted.

The spirit of accord reflected in these meetings certainly is demanded by the West's crisis. But probably their final value will not be gauged by what was said there in behalf of unity. It will be more likely judged by what the free nations DO in the months ahead to demonstrate that unity.

Hiss Faces His Last Chance

Only the Supreme Court stands between Alger Hiss and prison. A federal appeals court upheld unanimously his conviction for perjury in connection with alleged espionage activities for Russia in the 1930's.

The appellate judges found that there was sufficient independent evidence to support the broad charges made against Hiss by Whittaker Chambers. Chambers was vigorously attacked by Hiss as a witness who could not be believed, but the appeals court suggested that it was not unreasonable for the jury to believe his story — as it apparently did.

The court fastened on one aspect of the case which seemed to get too little attention during the two trials; the patently false performance of Hiss in identifying Chambers by his teeth and voice after previously saying — while looking at his picture — that he didn't know him. From here on, it's steeply uphill for Alger Hiss. He has not marshalled evidence that fits a pattern of innocence. He has one more try.

Looking Backward

• **Forty Years Ago**

Four Robbins brothers, three of them preachers, met here at the home of the Rev. Grant A. Robbins, pastor of the First Methodist church. Other than the Sedalia Minister they were Rev. Pascom Robbins, Emporia, Kas., district superintendent of the Emporia district, M. E. church Rev. Kirk W. Robbins of Greencastle, Ind., and Henry P. Robbins, the latter editor of the News-Capital of McAlester, Okla.

Work on the remodeling of the Huckins hotel, Second street and Lamine avenue, is soon to be started. It is estimated the improvements will cost about \$200,000. H. L. Try, the owner, is preparing to award the contract without delay.

The Rev. C. L. McKim of Oelwin, Iowa, has accepted a call to the pastorate of the East Broadway Christian church and will enter on his pastorate there about the middle of January.

Arrangements were perfected with Gov. Herbert S. Hadley to exhibit his 55-pound turkey at the annual corn and poultry show in Sedalia. The turkey was presented the governor by Mrs. Schlotzauer of Pilot Grove.

Abundant Living

E. STANLEY JONES

Acts 1:1—8; Gal. 1:15—24; John 15:15—19

"YOUR COMMISSION"

We are ending the journey in our quest of abundant living. I would pause with my comrades of the Way to meditate on a verse which has spoken to me like a beating refrain down through many years: "In the presence of God who is the Life of all, and of Christ Jesus who testified to the good confession before Pontius Pilate, I charge you to keep your commission free from stain." (1 Timothy 6:13—14, Moffatt.)

Your commission! You have a commission to no one else—it is unique and different, for you are unique and different. God is opening a fresh book of revelation through your character and life. If you do not respond, if you hold back and frustrate His purposes, that book of revelation will never be revealed, and the world will be poorer—and so will you. The Laodicean church had a letter written to it from Paul (Colossians 4:16), but it was lost and never given to the Church as many of his other epistles were. Why was it lost? Perhaps because the Laodicean church was "neither cold nor hot" (Revelation 3:15). This lukewarm church did not have the insight or the loyalty to see the meaning of that letter; so it let it be lost. What might this church not have given to the world had it been spiritually keen and alert? Its name perished with that letter except as a symbol of "the-might-have-been." It lost its commission! I have just come from seeing a man who is going blind; and as the shadows close in on him and the outer life fades out, he hasn't a thing on the inside but—emptiness. When I suggested he would have to live "within," he sighed and said there was nothing there. He had lost his commission—and himself. He has missed the purpose and the person. Had he taken the purpose, now his inner person would be rich and full and adequate and essentially undisturbed as the outer fades out. Here is the central treasure—your commission—keep that and, if all else goes, you have the one thing that matters.

Gracious Father, I have a commission from Thee. I feel that commission in my very bones. I have something at the center of life that makes life purposeful and meaningful. Help me to organize life around that one central fact, and not to organize this purpose around some triviality. For if I do, then I shall have a ceaseless whirl around a central emptiness. Quicken the sense of being commissioned! In Jesus' name. Amen.

You and the Service

WASHINGTON —(NEA)— Q. Our only child, a son, had an X-ray picture taken of his back and something was found to be wrong with it. It is very painful. My husband can't work much as a result of an attack of polio. Our son has to help support us. Would they draft him under these conditions?

A. The fact that your son is apparently well enough to work and help support you indicates

his back can't be too bad for that. So he could pass the draft physical. However, if he contributes to more than 50 per cent of your support he can be deferred on that ground.

Q. Does the fact that I have had a physical mean that I will be called to active duty from my reserve status?

A. Not necessarily. It does mean that the service is interested in you, however.

Social Security: 4

How the New 1951 Law Works

(EDITOR'S NOTE: This is the fourth of five question-and-answer articles explaining the meaning of the 1950 amendments to the Social Security Act. It is based on information issued by the Federal Security Administrator.)

By NEA Service

What kinds of self-employment income are covered by the new social security law?

Generally, the net earnings from most trades, crafts or businesses in which the owner or partner "works for himself." If you are sole owner or partner operating a store, shop, garage, lunchroom, etc., an independent contractor, an artist or a writer you may build up old-age and survivors insurance protection under this new part of the law.

What self employment is not covered?

Income from self-employment as a farm operator, physician, lawyer, dentist, osteopath, chiropractor, optometrist, naturopath, veterinarian, architect, accountant (certified, licensed, registered, or full-time practicing), professional engineer, or funeral director.

How much do you have to earn in self-employment to be covered?

If you have net earnings of \$400 or more in any one year from self-employment you are covered and your income will count toward social security payments.

How much do self-employed persons contribute?

From 1951 through 1953, the rate will be 2 1/4 per cent of self-employment income; from 1954-59, 3 per cent; from 1960-64, 3 3/4 per cent; from 1965-69, 4 1/2 per cent, and after 1969, 4 7/8 per cent. Only the first \$3600 of total wage and self-employment income is taxable.

How do self-employed persons pay the social security tax?

It will be payable at the time

you file your income tax return, the first contribution being due in 1952 when you file your 1951 return. You'll fill in a special schedule on your income tax form, which the Collector of Internal Revenue will forward to the Social Security Administration.

What happens if you previously worked on "covered" employment and now are self-employed?

Any wage you earned previously in a job covered by social security will continue to be listed on your social security account and will be considered in determining average earnings for benefits.

How are household workers covered under the new law?

If you are regularly employed in a private home and are paid \$50 or more in cash wages during a calendar quarter, you come under the new social security provisions. Household workers include chauffeurs, butlers, valets, grooms, footmen, cooks, housemaids, nursemaids, housekeepers, laundresses, gardeners and furnacemen. But you must have worked for your employer on some part of at least 24 different days in the same calendar quarter or in the calendar quarter just before it to be eligible.

How do you figure the wages for a household worker?

You must consider only wages paid in cash. Room and board are not considered wages nor are car checks or car tokens; but carfare paid in cash is considered as wages.

How do you report your household workers?

Fill in the name, social security number of the worker, and the amount of cash wages paid during the quarter on a simple report from furnished to household

Well, They Had Fair Warning

THE STORY: Sergeant Eddie is one of 12 men killed in battle who find themselves in their home town. Eddie can be seen only by his dog Duke and by Margie Lou, the girl he fell in love with after he was dead. But when he calls on Margie Lou, he finds Max Lengel, a local wolf, ready to take her out against her will.

• • •

XXIII

MARGIE LOU cried out as Max started carrying her off and Eddie decided to take a hand. Unable to interfere himself, he delegated the job to Duke. "Get him, fella! Get him!"

Duke was only too glad. He bounded out of the bushes and, before Max knew what was happening, bit his new found enemy very satisfactorily on the leg. Some of the trousers came off in his mouth.

Max, suddenly losing interest in his love-life, dropped Margie Lou and turned to meet Duke's second onslaught, but there wasn't any. "Steady, Duke!" Eddie held the dog in place. To Margie Lou, he said: "Are you hurt?"

"No, Eddie, but I'm glad you're here. You and your dog. Why, he looks like Duke."

"He is Duke."

"Duke is your dog, Eddie?"

"Yes."

Max was approaching Duke warily with the intention of kicking the stuffing out of him but all at once something about the conversation going on struck him as peculiar. "My name ain't Eddie."

"Of course it isn't. I'm talking to Sgt. Eddie Engstrom."

"How're you doing it, by long distance telephone?"

"He's right beside me, aren't you, Eddie?"

"And always will be, Margie Lou."

Max looked vainly for Margie Lou's friend. "What is this," he demanded angrily, "a gag?"

"Make him go away, Eddie. I don't like him."

"Okay, Duke, let's go!"

"You must be nuts, Baby," declared Max.

Then he noticed Duke advancing stiff-legged. There was something there which he did not see nor understand. Max hesitated only a second. Then he turned and made the running board of his car in two leaps, slamming the door behind him just in time to keep Duke from getting another and more important portion of his trousers.

Eddie had to laugh as the other man started his car with a jump and headed for parts unknown without waiting to turn on his headlights.

"Even if he did save my life I hope he never comes back," said Margie Lou, shivering a little at the recollection of the situation.

• • •

THE NIGHT which had previously seemed darkly sinister suddenly became friendly and beautiful.

"We can sit on the steps for a while," suggested Margie Lou shyly, "that is, if you'd like to, Eddie."

"I sure would," said Eddie.

"We can watch the moon," she continued. "It's kind of pretty."

"So are you, Margie Lou, prettier than any girl I've ever seen."

"I'm not pretty, Eddie, not really, but I guess a girl likes to hear things like that from a man like you even if they aren't so."

They sat down on the rickety stairs, Eddie one step below Margie Lou who left her right hand carelessly out by itself where he could hold it if he wanted to.

"Eddie," she said shyly, "I'm wearing your lucky coin around my neck."

"I know," he said and then explained hastily: "It's sort of a bond between us. When you wear it there, touching you, we understand each other better."

"I'll always wear it, Eddie, if

you're sure you want me to."

"I'm sure," he said, reverently. "When you go back, will you write to me, Eddie?"

He waited a moment in the lazy moonlight before he answered, "I'm not much of a hand to write letters, Margie Lou."

"I'll write to you anyway. What's your address?"

"I don't know yet. It'll be a new one someplace. And I'm not sure I'll be allowed to get letters where I'll be."

• • •

MARGIE LOU was rebuffed for a moment but something, maybe the lucky coin, made her see at least clearly enough not to let a misunderstanding mar the fleeting pleasure which had come to her heart. She laughed softly. "Sounds like you expected to be in the guardhouse. If I keep your lucky coin I ought to give you something of mine to take with you so you won't forget me."

"I won't ever forget you, Margie Lou. I'll never need anything to remind me."

"I guess you say that to every girl."

"No. I never said it to anybody before."

"You're a funny boy-friend, Eddie. You don't care to have a keepsake and you don't want me to write to you. I'd think you didn't like me only I'm almost positive you do." She stopped, wondering if she had said the wrong thing. Eddie didn't reach for her hand as he certainly should have done and he made no move to kiss her which she felt he must know would be all right with her.

The only thing that told her anything was the expression in his eyes. A man couldn't look at a girl like that unless he cared—quite a lot. Apparently Eddie was terribly shy. That, Margie Lou thought, will pass and then it will be all the sweeter to have him hold me close. She could wait. Enough to know, as she did know for some reason, that they loved each other really and for keeps. It didn't matter when the words were spoken or if they were ever spoken at all.

(To Be Continued)

employers by the Collector of Internal Revenue. Send this report each quarter to the Collector of Internal Revenue, together with the tax on the worker's wages. Until 1954, the tax is 3 per cent, one-half to be deducted from the cash wages, one-half to be contributed by the household employer.

May you report household workers with other employees?

If you are a household employer who already is making social security reports (Form 941) as sole owner of a business or professional practice, you may report your household worker on that form together with non-household employees.

What do you do about the tax?

If a household worker leaves before working on 24 different days in a calendar quarter, and did not work on 24 different days in the preceding quarter, what do you do about the tax?

It will not be necessary to send in a report. If you withheld the tax from the worker's weekly cash wages up to the time of leaving, it should be refunded.

If your close relatives work for you in your household, do they get social security credit?

All relatives except your children under 21, your spouse or parents are covered for work they do in your household, provided they meet the 24-day, \$50 test.

HOW CHRISTMAS BEGAN—5

STAR APPEARS TO THE WISE MEN

When Jesus was born, wise men came from the east to Jerusalem, saying, "Where is he that is born King of the Jews? We have seen his star to the east, and have come to worship him."

When Herod the king heard of this, he was troubled, and all Jerusalem with him. He gathered all the chief priests and scribes of the people together and demanded to know where Christ should be born. They said, "In Bethlehem

of Judea; for thus it is written by the prophet."

Then Herod called the wise men and asked them when the star appeared. And he sent them to Bethlehem, and said, "Go and search diligently for the young

child; and when ye have found him, bring me word again, that I may come and worship him also."

When they heard the king, they departed; and the star they saw in the east went before them, till it came and stood over where the

young child was. When they saw the star, they rejoiced with exceeding great joy.

Green Ridge Garden Club Christmas Party

The annual Christmas dinner and party of the Green Ridge Garden Club was held at the home of Mrs. E. J. Sims on Tuesday, December 13, in Green Ridge. Assisting hostesses were: Miss Erma Wallon, Mrs. Emmett Boltz, Mrs. True Ulmer, Mrs. S. M. Dowdy, Mrs. Harley Williams and Mrs. Roy Calvert.

A turkey dinner was served at noon to twenty nine members and three guests, Mrs. J. G. W. Kirschner, Miss Rosalea Stark and Miss Ruth Hamlin.

The guests were seated at tables covered with white and each table was centered with an appropriate centerpiece in keeping with the Christmas season. The mantle, the buffet and the piano were also adorned with Christmas arrangements in the colors of red, silver and green. A brightly lighted Christmas tree was in the living room underneath of which the gaily wrapped packages for exchange gifts were piled.

The program chairman, Mrs. Rex Welty, distributed the new year books at each place card.

The President, Mrs. J. M. Palmer opened the meeting with scripture and the hymn, "Joy To The World," was sung by the group, with Mrs. E. J. Sims accompanist. Roll call was answered by my favorite Christmas carol.

One new member, Mrs. George Ferguson of Ionia was welcomed into the club. Mrs. Mattie Myers presented the program, "History and Legends of Our Christmas Plants." Mrs. Wilford Acker presented a discourse on judging on the Christmas decorations that were on display.

Mrs. J. G. W. Kirschner judged the exchange packages on the most attractively wrapped and Miss Erma Wallon received first prize and Mrs. Rex Welty, second. The gift packages were distributed by Mrs. True Ulmer and Miss Wallon.

Pageant at First Christian Church

The First Christian church will present a pageant "Thou Shalt Call His Name Jesus," by Flo Knight Boyd at 7:30 o'clock Sunday evening.

The director is C. W. Stephenson, the organist Mrs. H. O. Fokker. Ed Bruce is in charge of the scenery and Mrs. Hollie Beard is in charge of the costumes.

The cast includes the choir, the reader Frank Evans; first angel Niles Sims; second angel Mrs. Frank Evans; Mary, Mrs. A. B. Warren; Joseph, A. B. Warren; Shepherds Tom Manesee, Virgil Rogers, Harvey Herrick; The Wise Men, Dr. K. L. Holden, Dr. O. J. Durnell and Roy Dawson.

Turkey Repast For Burton's Employees

The employees of Burton's enjoyed a Christmas turkey dinner at Charlie's Coffee Shop Monday evening. After the repast there was an exchange of gifts.

Those present were: Mrs. E. M. Franke, Mrs. N. J. Knutz Jr., Mrs. John Walje, Mrs. W. J. Moore, Mrs. B. N. Schlosser, Miss Mary Lou Alexander, Miss Myrtle Rodekohr and Miss Alice Summers.

The Young Adults class of the First Christian church will have a covered dish dinner and Christmas party Sunday night from 5:30 until 7:30 o'clock. Everyone has been asked to bring his own service of silver. There will be a gift exchange.

Circle Nine of the First Christian church, Mrs. Karl J. Berry, chairman, will meet Monday night at 7:30 o'clock at the home of Miss Marva Lee Harbit, 1804 West Eighteenth street.

Mrs. Frank Evans, accompanied by Mrs. Percy Metcalf, will sing two selections and Mrs. Jack Herndon, accompanied by Miss Harbit, will also present solos. Miss Harbit will tell the Christmas story and there will be an exchange of gifts.

A Christmas party for the chapel circle of the First Baptist church was held Thursday afternoon at the home of Mrs. William A. Morgan, 920 East Sixteenth street. There was a gift exchange following the business meeting.

Caution Given On Counterfeit

The United States Secret Service urges all merchants and money handlers to be on the alert for counterfeit money during the Christmas shopping season. This is a favored time for passing counterfeit money because of crowded stores and extra help. Jackson N. Krill, special agent in charge of the U. S. Secret Service in Kansas City, Missouri, reports that counterfeiters have been unusually active in the past few months and the chances of getting a counterfeit are greater than they have been for several years. The following notes are among those most commonly passed in this area recently and are the ones most likely to be passed again:

\$20 Federal Reserve Bank of Minneapolis—Check letter F, face plate No. 11, back plate No. 592.

\$20 Federal Reserve Bank of Minneapolis—Check letter F, face plate No. 46, back plate No. 20.

\$10 Federal Reserve Bank of Richmond—Check letter F, face plate No. 28, back plate No. 207 or 1207.

\$10 Federal Reserve Bank of Dallas—Check letter J, face plate No. 16, back plate No. 12 or 120. (Check letter and face plate number are each found on face of every note in lower right corner; back plate number in same space on back of every note.)

"All money should be carefully checked. Compare any suspected bill with a genuine bill of the same denomination.

If you get a counterfeit bill—1. Do not return it to the passer. 2. Try to delay the passer and then telephone police. 3. If the passer leaves, write down his description and any license number possible.

Ninety Million Bond Issue is To Be Proposed

(Continued from page one)

souri is \$10,300,000, the initial outlay required for the establishment of a medical school and a hospital.

In its report the board also recommended that the governor and the general assembly give "prompt and favorable consideration" to the requests submitted by the institutions for the 1951-53 biennial period.

Members of the board, in addition to Chairman Green, are Allen P. Oliver, Cape Girardeau; James S. Rollins, Columbia; John Dalton, Kennett, and C. W. Sheppard, Warrensburg.

The board pointed out that besides a bond issue there is only one other way to provide the \$90,000,000 sum and that is through state appropriations.

Green said the board recommended the bond issue because the state does not have available during each biennium enough funds from regular sources to meet all the demands now being received from state agencies.

Capital outlay required by the various institutions during the 15-year period, were listed as follows:

University of Missouri: Divisions at Columbia: Division of agricultural sciences—main agricultural building, \$8,000,000; agricultural engineering building, \$300,000; home economic building, \$500,000; additional miscellaneous farm laboratory buildings, \$300,000; veterinary school building, \$1,000,000; livestock judging pavilion, \$300,000; greenhouse, \$300,000.

Deem Western Germany Essential To Defense

(Continued from page one)

Big Four (Russia, Britain, France and America) stood together as victors. Since then there has been an unbelievable change. Western Europe now fears invasion by Moscow-led Communist forces from the east, and is rushing to get set for that grim possibility. This urgency has forced the "Big Three" (Britain, France and America), with the other members of the North Atlantic Defense Pact, to concede the truth of the old adage that only fools and dead men never change their minds.

Be Through Persuasion

They now feel it is imperative to make western Germany an integral part of their unified defense system. Clearly that must be a matter of persuasion and not compulsion. Germany will come in of her own free will—if at all. The task is to persuade her to this, and at the same time keep her under reasonable wraps.

Resolution For Ouster of Sec'y Acheson

House Republicans Take Action at Closed Meeting

WASHINGTON, Dec. 15.—(AP)—House Republicans today adopted a resolution calling for the ouster of Secretary of State Dean Acheson.

The action was taken at a closed meeting of all House party members. GOP leaders said the resolution was approved "overwhelmingly."

The resolution will be sent to President Truman.

In addition to asking for Acheson's replacement, it urges "changes in the personnel and policies responsible for this lack of confidence" in the state department.

Senate Republicans may take some stand concerning Acheson before the day is over.

While the House Republicans were in session, the Senate GOP policy committee called a meeting of all Republican senators for 4:30 p. m. (EST) to consider a formal vote of no confidence in Acheson.

Be Submitted Senators

Chairman Taft (Ohio) of the policy committee said a resolution drafted by Senator Ives (R-NY), together with "certain suggested amendments," would be submitted to the GOP senators. He declined to say what were the suggested amendments. The Ives resolution asks that President Truman fire Acheson.

The resolution adopted by the House Republicans says: "In this critical hour, confidence of the American people in their leadership is essential to our security."

"It is completely obvious that Secretary Acheson and the State Department under his leadership have lost the confidence of the Congress and the American people and cannot regain it."

"Recognizing this fact, we earnestly insist for the good of our country that Mr. Acheson be replaced as secretary of state, and that there be a thorough house-cleaning in the State Department, and changes in the personnel and policies responsible for this lack of confidence."

The resolution was offered by Rep. Martin (Mass.), the GOP floor leader.

Those attending the session said it was adopted by a voice vote after Rep. Javits (R-NY) failed in an effort to have it referred to the House GOP Policy committee.

Messages Tell of Uncle And Aunt Dying

Mrs. Aubrey Curtis, 1516 South Missouri avenue, received a message that her uncle, Harry Stucky, of Columbus, Ind., died unexpectedly of a heart attack Wednesday, and this morning had a long distance telephone call from Green, Iowa, telling her of the death of her aunt, Mrs. Will Shook, at 7:15 o'clock this morning.

Mr. Stucky was a brother of Mrs. Curtis' mother, the late Mrs. George F. Townsend and the father of Mrs. Elmer Coon, formerly of this city. He had visited in Sedalia a number of times.

Mrs. Shook was a sister of Mrs. Curtis' father, the late Dr. George F. Townsend. She was about 85 years old and the last surviving member of her family.

Mrs. Curtis will be unable to attend either funeral.

Cold, Snow And Ice Slowed Shopping

ST. LOUIS, Dec. 15.—(AP)—Cold weather, snow and ice-coated streets limited holiday shopping in the Eighth Federal Reserve district last week.

Department store sales in the district were five per cent less than in the comparable period a year ago, the Federal Reserve Bank of St. Louis reported.

In Louisville, Ky., and smaller shopping centers of the district sales were three per cent higher than a year ago.

The declines in other cities averaged 14 per cent in Memphis, Tenn., and six per cent in St. Louis and Little Rock, Ark.

Loss of About \$4,500 in Blaze

Fire of undetermined origin caused an estimated \$4,500 damage to the residence and household goods of John L. Hays, 801 East Eleventh street, at 1:35 o'clock this morning. The losses according to fire officials were \$3,000 on the residence and \$1,500 on the contents.

The fire started in a back room of the house and had gained considerable headway before discovered and the fire department notified. It spread over a large portion of the one and a half portion of the one and a half under practically the entire roof before it was controlled.

One line of hose was used to get water to the burning structure.

Dispose of Damage Suits

Five Dismissed And Judgments in Two Are Given

Several damage suits filed in the Pettis county circuit court were disposed of today before Judge Dimmitt Hoffman. Five were dismissed, after stipulations had been filed, and judgments taken in two others, one for \$2,750 and the other for \$1,000.

The suits of Claude S. McMican against John L. Dunn, et al.; Lee F. Harper vs. John L. Dunn, et al.; Mildred Louise Harper vs. John L. Dunn, et al.; as results of an accident in the summer of 1949.

Martin, Salveter and Gibson were the attorneys for the defendants in the above cases and Fred F. Wesner, Charno and Charno of Kansas City, attorneys for the plaintiff.

The case of Willetta Dempsey against the 7-up Bottling North Missouri Co., was settled as per stipulation for \$500.

Lamm, Barnett and Wolfe represented the defendant and Fred F. Wesner the plaintiff.

The suit of Nell Pettigrew against Lillian Marguerite Holcomb, executor of the estate of Charles H. Harrison, was settled in accordance with a stipulation, no figure of the settlement being given. Miss Pettigrew was severely injured in an automobile accident November 12, 1949 in which Mr. Harrison was killed.

Fred F. Wesner represented the plaintiff and Martin, Salveter and Gibson the defendant.

Eula E. Rimard was awarded judgment for \$2,750 in her suit against Mary A. Siegel and A. Y. Rimard \$1,000 against Mary Siegel in their damage suit, as a result of an automobile-bus accident May 10, 1950.

Lamm, Barnett and Wolfe were attorneys for the plaintiff and Martin and Gibson for the defendant.

A divorce was granted to Kathryn June Craig from Charles P. Craig in circuit court this morning. The plaintiff was awarded the custody of their minor child. General indignities were alleged.

William F. Brown represented the plaintiff.

ing built up to administer them. Administration officials said the declaration of an emergency may be quickly followed by calls for a 4,000,000 man army and an eventual expenditure of \$100,000,000 a year for defense.

Word that the armed services will need more money came from testimony by Pace before a House appropriations subcommittee on December 9. It was made public today. Pace told the lawmakers the huge emergency money bill they are considering "has already been overtaken by the rush of recent events."

Word of the new atomic energy project came from hearings on the same bill, which covers a year ago, the Federal Reserve Bank of St. Louis reported.

In Louisville, Ky., and smaller shopping centers of the district sales were three per cent higher than a year ago.

Auto Damaged in A Collision

No one was injured in a collision between a 1950 Lincoln sedan driven by Mrs. P. A. Thornhill, McAllen, Tex., and a tractor ridden by J. W. Hunt of route 1, Cole Camp, owned by Joseph W. Schubert of route 1 Cole Camp, one mile south of the Cole Camp junction of Highway 65 and 52 shortly after 12 o'clock this afternoon.

Mrs. Thornhill reported she was going down a hill and started to pass a tractor and in the process it sideswiped, doing considerable damage to the Lincoln automobile. Only slight damage resulted to the tractor.

Mrs. Thornhill and her husband were en route to Oak Grove, Mo., where they will spend the holidays visiting with relatives and friends.

Relay For a Warning in State

KANSAS CITY, Dec. 15.—(AP)—Another six months should see organization of civil defense in Missouri near completion. That was the word last night from Ralph W. Hammond, Jefferson City, director of the state office of civil defense.

He emphasized that it would take longer than that to perfect the organization.

knocking it into Harms' Ford coach. The Ford was knocked approximately 100 feet north and ended up in the ditch and the Dodge was knocked about half that distance down the shoulder into the ditch. Stinnett's car swerved around and headed back southeast and stopped on the highway.

Mrs. Sprague and Miss Hattey were sitting in the rear seat of the Ford car and Mrs. Stinnett was asleep in the front seat of her husband's car when the collision occurred.

Stinnett told Sergeant Barton that he was blinded when the lights of the Ford car came on.

Mr. and Mrs. Sprague, Miss Hattey and Harms were taken to the hospital by Francis Kreisel, of Cole Camp, who happened upon the scene, while Stinnett and his wife were taken to the hospital by Sergeant Barton.

Great Masses of Reds From China Swoop Down on Beachhead

battle in a drum-beating, bugle-blowing and singing mass rally at Oro, a town six miles northwest of Hamhung abandoned by Allied forces 24 hours earlier. Doughboys heard the racket and steered themselves for attack.

Maj. Thomas Cleary, a Third division regimental staff officer, said:

"The Chinese hit first last night and apparently hoped to make a breakthrough in the night hours. However, the heroic platoon which is now cut off stayed out there directing the artillery fire and the Reds were kept back until Friday morning."

"Then they kept coming in daylight."

The new jet-powered aerial warfare continued over north-west Korea near Manchuria with indecisive results. Fifty-seven sorties in Russian-made Red jets have been counted over that area in the last ten days.

General MacArthur in his daily official war summary took the unusual course of quoting the Red China radio at Peiping for the purpose of "demolishing once more the fiction" that the Chinese fighting in Korea are volunteers, as contended by Communist propagandists.

The quoted broadcast carried what would normally be construed as a high command order of the day to troops in the field.

It was a congratulatory message from Gen. Lin Piao on behalf of commanding officers of major units of the Chinese Fourth Field army and corresponding military districts, MacArthur said.

He quoted Lin as saying: "A great epochal change has been brought forth in the Korean theater. I fervently hope that you will exert to the utmost to annihilate the invading troops of the imperialists."

Pageant For Sunday Night

'When The Star Shone' at First Methodist Church

The Christmas pageant, "When the Star Shone," will be presented at the First Methodist church, Sunday night, December 17, at 7:30. The pageant opens with prophesy singing, "Comfort Ye, Comfort Ye, My People," as she foretells the story of the coming of the new babe into the world, who shall be called Jesus. She is followed by history, who indicates that this is the turning point of time. Roman soldiers keep watch as the city of Bethlehem is being filled with Pilgrims.

The rabbi and his family talk of the events leading up to the fulfillment of the prophesy, and relates the stories to interested Bethlehem children, who group themselves on the floor about this family and listen with intense interest. Wise men from the East come and tell the story of seeing the star. Shepherds arrive to relate their experience of having heard the angelic choir singing above the Judaean hills. Bethlehem people, going about their daily tasks, pause to hear the wonderful messages that are being told concerning the birth of this Holy Child.

According to the Rev. Ray L. Bowers, pastor of the church, the story is not only told in a most interesting and fascinating way, but interspersed with music that adds to the story.

It is a pageant of "Peace on Earth and Good Will Toward Men." The following cast of characters take part in this pageant: Mrs. Ira M. White, prophesy; Mrs. Chas. Maggard, History; Emmis Sutherland, the Rabbi; Mrs. Leonard Peabody, the rabbi's wife, with Sarah Brougher and Cleo Sutherland, their children. Frank Hanigan and H. H. Bellmer, Jr., are the Roman soldiers. Leon Bowers, with their follower, Paul Hausam, the shepherds. Harold Hausam, Lee Peabody, Dr. H. O. Wilbur, and Eugene Helman, the Bethlehem children. Loren Sutherland, Bill Sutton, Wayne Brown, Chas. Dale Maggard, Judy Blackland, Nan Sutton, and Jane Black. Bethlehem people, Mrs. H. O. Wilbur, Mrs. Keith Bohon, Mrs. Harry Brougher, Mrs. W. W. Cecil, Mrs. Eugene Helman, Miss Alice Rissler, W. W. Cecil, Jr., Robert Austin, Dr. Ira M. White, and Robert Sears. Mrs. C. D. Demand, organist. Mrs. H. O. Wilbur in charge of personnel, and Mrs. Emmis Sutherland in charge of costume. Sponsored by the Fidelis class.

Calls Protestants To Pray for Peace

NEW YORK, Dec. 15.—Prayers by protestants on Sunday, Dec. 31, for "a place which is the fruit of righteousness" were called for yesterday.

The Rt. Rev. Henry Knox Sherrill, raking Episcopal bishop and president of the newly-formed National Council of Churches of Christ in the U. S. A., issued the call.

The council embraces 31,000,000 members of 25 protestant and eastern orthodox church groups.

"CHRIST JESUS" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 24, 1950.

Golden Text: Isaiah 9:6. Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. And, lo, the angel of the Lord came upon them, and the glory of the Lord shone round about them; and they were sore afraid. And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Saviour, which is Christ the Lord." (Luke 2:8-11) The Lesson-Sermon also includes the following from the Christian Science Textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The wakeful shepherd beholds the first faint morning beams, ere cometh the full radiance of a risen day. So shone the pale star to the prophet-shepherds, yet it traversed the night, and came where, in cradled obscurity, lay the Bethlehem babe, the human herald of Christ, Truth, who would make plain to benighted understanding the way of salvation through Christ Jesus, till across a night of error should dawn the morning beams and shine the guiding star of being." (p. vii:2-10).

Pray Always

Prayer is such an instinctive human impulse that it is hard to conceive of a person who does not at some time or another bend his knees to God.

The story is told of a French officer at the time of the Crusades who was captured and made a slave by a Moslem chief. The Mohammedan treated the officer with such contempt and indignity that the latter finally protested: "I am your slave, but I am also a man, just as you are. Why do you treat me this way?"

"You a man?" the Moslem replied. "No! You have been my prisoner for six months and I have not yet seen you pray."

If one man may despise another who does not pray, how does the non-prayer stand in the sight of God?

When Christ was on earth He never ceased to exhort His followers to pray. "Pray always," He said. He Himself gave man the most perfect of all prayers. The Lord's Prayer is a sublime salutation of adoration and submission. It is a powerful petition for all that is necessary for salvation.

Prayer is not something to be offered only in church on Sunday. The true practice of prayer calls for constant lifting up of the mind and soul to God. Prayer is man's way of conversing with God; of getting to know Him more and more; of overcoming the evil in himself and acquiring merit in God's sight. Diligence in prayer is the way to sanctity.

When hearts are light and untroubled, prayer comes easy. It is not for that reason any less acceptable to God. But when the spirit is troubled by adversity or temptation prayer may be difficult. Nevertheless that is the time when prayer is most expected by God and most useful for the soul.

Prayer that comes hard gives additional pleasure to God. One may be sure that, God, on His part, will confer on the suppliant comfort and consolation beyond expectation.

On many occasions when his difficulties seemed insurmountable Abraham Lincoln turned humbly to God for strength and guidance. Once he was quoted as saying, "I have been driven to my knees many times by the overwhelming conviction that I had nowhere else to go."

Other human beings have felt the pressure of burdens which seemed almost too hard to bear. Some have scorned to pray and thus have never found ease of mind and heart. But countless others have turned in confidence to God and found in Him the hope and encouragement to lift them out of despondency and despair.

Sunday School Lesson

By William E. Gilroy, D. D.
The story is well known of the man who was asked under whose preaching he had been converted. He replied that it hadn't been under anybody's preaching, but under his mother's practice.

The best witness to the truth of Christianity and the power of the Gospel, is not found in sermons, though. As one who has preached a great many, I should be the first to contend that sermons are not to be undervalued. But the best sermons in the world are of little value unless they inspire and lead to Christian practice.

It is the evidence of the truth and power of the Gospel in daily life and the evidence that men and women have been with Jesus, and have learned of Him, that is the greatest factor in extending the saving power and influence of the Gospel in a world in which men and women need the Gospel more than anything else.

Yet the manifestation of the Christian religion in our lives, even of those who profess the Christian way, is not as everywhere evident as it ought to be. We, who call ourselves Christians, might well ask ourselves what there is in our lives, if anything, that marks us as in any way better, or happier, than non-professing, non-church-going, decently living neighbors.

Of course, we ought to ask the question in no spirit of pharisaism or of assumed superiority. Humility is the essential and unflinching mark of the true Christian, who must always be measuring himself against the standard of some better thing, some further growth in grace to which he has not yet attained.

But if the Gospel, the presence

of Christ in the soul, has any real meaning, it ought to bring into the daily life of the Christian some quality that others, no matter how outwardly correct their lives may be, do not possess. One must, of course, always remember the Parable of the Pharisee and the Publican, which means in a modern version that a sincere non-Christian, earnestly seeking to live a good life, may be actually nearer to Christ than many who profess His Name.

But, allowing for this, the difference, I think, between the Christian and the non-Christian, whose life seems equally good, is one of atmosphere and horizon. The good man, who never goes to church, and takes no part in the life of the church, or in Christian fellowship, is cut off from a range of life and environment, that he ought to know, even if, knowing it, he decides to have nothing to do with it.

Religion in daily life would, I think, take on a new beauty and power if more professing Christians and non-Christians took into account in their lives the story of Jesus, as it is recorded in the four Gospels.

Enquiries among college students recently revealed widespread and amazing ignorance concerning the most outstanding details of the Gospel story. To know nothing of that story, which has had such part and influence in the world during twenty centuries, is to convict one's self of deep and essential ignorance, no matter how much knowledge one might otherwise possess.

The world's knowledge would be put to better use than much of it is if men cherished the knowledge of Christ above all other wisdom.

Benefits for GIs in Korea Studied; May Include \$10,000 Insurance Aid

By Douglas Larsen
NEA Staff Correspondent

WASHINGTON — Congress is now taking up the second most expensive item of the Korean war and the big mobilization — veterans' and survivors' benefits.

The proposal to give a \$10,000 GI insurance policy to every man in service and the payments of such a policy to the survivors of all men killed in Korea is the first item of business.

The intent of sponsors of this measure is to make sure that every man has a chance to buy GI insurance if he wants it.

Thousands of men were rushed into Korea before they even had a chance to apply for it. And thousands of men have been killed who either had no insurance or less than the maximum of \$10,000.

There is some feeling among congressmen that this automatic granting of policies to men and survivors should be limited to \$5,000. However, all of the big veterans' organizations are for making the amount \$10,000. The larger amount or some compromise close to it is considered most likely to be made law.

This insurance will not be provided free to the men for their lifetime. Most sentiment is to just make sure that the men are fully covered for a period of four months, during which time they could make up their minds on how much insurance they wanted for the future.

It is also likely that premiums, based on newer mortality tables, will be lower than they are for present National Service Life Insurance policies. It was the use of out-dated mortality tables which caused an enormous dividend fund to collect for NSLI, which is now being paid out in dividends at huge bookkeeping expense.

Nothing is likely to be done during the lame duck session on a long-range veterans' program for the great mass of men now being put into uniform. But it is shaping up as a big issue for the new congress. If all-out war can be avoided and a big military establishment is maintained to keep peace for the next 10 years, it is estimated that 750,000 men will soon start becoming veterans each year.

This poses some controversial and highly expensive questions for congress to decide. Defense officials are on record as opposing a fat, long-range veterans' program with such things as free education and home loans. Their big goal is to encourage as many men as possible to make careers of the service.

Yet, if veterans administration is spending billions to make civilian life more attractive to young men it actually puts VA in com-

petition with the army, navy and air force for the futures of all of the nation's youth.

The powerful veterans' organizations on the other hand are pushing for the extension of generous World War II GI rights to Korean vets. Some sharp controversy is building up in this field. The American Legion favors extension of all GI benefits to all men called to uniform for the emergency and mobilization.

the combat theater. Billions are involved in this debate.

As it stands now, the Legion's program for extension of GI benefits to all men called into uniform has the most support. And as the draft calls get bigger it is apparent that public pressure will mount for universal application of GI benefits to all men called to service.

Meantime, it is up to congress to unshackle its laws governing benefits to survivors of servicemen. It has just been discovered that a 1925 law governing benefits to dependents of deceased government employees applies to military reservists who are killed in action. It gives the survivors of reservists in some cases up to twice as much as the survivors of regular army and air force personnel.

That does not mean that survivors of regular army and air force personnel aren't being adequately taken care of. A recent congressional study reveals, for example, that the widow of a serviceman killed on duty, 23 years

Solvents and spotting compounds needed to remove certain kinds of soil and stains damage the fabric! A spotting agent satisfactory on one fiber may be injurious to another, so the suitability of common agents for a given fiber must be tested. It is entirely a matter of suitability. In your home you may use an antiseptic on a cut or abrasion that would be poisonous if taken internally; in a cleaning plant there are spotting agents that are entirely suitable to rayon that would be poisonous to wool.

Three Sedalia Teams Remain In Tournament

Semmons Furniture, Columbia, the Fourth Winner on Thursday

The three Sedalia teams brushed aside out-of-town opponents Thursday night to advance into the semi-finals of the Central Business college invitational tournament at convention hall.

The Moose club rallied and came from behind to nip the Clinton Elks 38-34 in the program opener. Powerful CBC swamped Latham 56-33 and the Missouri Pacific showed surprising strength in bowling over California 40-31 in the nightcap. In the third game of the night Columbia's Semmons Furniture five galloped past a tough Superior Cleaners five 58-54.

The Moose crew took advantage of Clinton fouls to forge a second-half comeback for their victory. Trailing at one point 11-6, and leading by only two at the half, the Moose battled the Elks down to the line, finally seizing a six-point lead with three minutes left.

The lead in this contest changed hands 15 times. Both teams hit 11 shots from the field, but Sedalia counted 16 free-throws to Clinton's 12 for the victory.

Dale Whitfield led the well-balanced Moose scoring with 11 points, and Howell paced the losers with nine.

The Moose will meet CBC in the semi-finals.

CBC unleashed a smooth-functioning fast break attack to sweep past Latham's game sharpshooters, and establish themselves as a red-hot choice to take their own tournament.

After trailing early in the first quarter, the Basketweavers height and rebound power turned the tide. The Elwell brothers led a second-period surge which culminated in a 20-14 half-time lead.

The CBC squad, studded with former Warrensburg Mule players, built the lead to 40-19 in the three-quarter point and coasted home.

Hillard Willie led the balanced Sedalia scoring with 12 points. The game's high point man was Latham forward Pettigrew, who dumped in 17 counters.

Columbia's Semmons Furniture company five were outplayed by a scrappy Warrensburg Superior Cleaners quintet in the third game, but came out on the long end of a 58-54 score. In the roughly played contest 41 fouls were called on the two clubs. Three players left the game via the personal foul route.

The Semmons trio of big Don Strodt, six-foot-eight center, who dunked 22 points; Cy Delay and Kenny Bounds, who each chipped in 13, paved the way for the university city team to play in the semi-finals tonight against the Missouri Pacific Dynamos.

Crowd pleaser Cy Delay, put on the outstanding show of the night with his deadly long shots and scrappy floor play. Dale Boyd led the Johnson county five with 14 points.

Paced by big Foster McGuire, the Missouri Pacific Dynamos staged the big surprise of the night as they dumped the California Independents from the tournament, licking them 40-31.

McGuire was the Dynamo ball club, taking nearly all of their rebounds and running the team on offense with his floor play. Scoring 21 points on nine field goals and three charity tosses, he was high point man. Henry Jacobs with 10 and Gene Boked with 9 led the Independents.

Sooners May Set a Record

By Roy Steinfort

NEW ORLEANS, Dec. 15—(AP)—Coach Bud Wilkinson and his Oklahoma Sooners—modern football's record busters—may set a record here New Year's day that could stand about as long as the Sugar Bowl's concrete and steel stadium.

In the Sugar Bowl's 16-year history, a team never has won three successive games, but Oklahoma probably will be favored to do that against Kentucky here New Year's day.

Oklahoma smashed North Carolina 14-6 in 1949 and Louisiana State university fell under a 35-0 slaughter this year.

L.S.U., back in early Sugar Bowl history, played in three straight Sugar Bowl games—but the Bayou Tigers lost them all. Under the direction of 34-year-old Wilkinson, the Sooners now have a winning streak of 31 straight games—the longest victory string in modern football.

And it's hard to say where the string will stop, but the lay-out-on-the-line boys feel it won't be against Coach Paul Bryant's once-defeated Kentuckians.

Wilkinson will probably be the most surprised visitor in the big stadium when 85,000 fans gather New Year's day.

He took a team of reserves and sophomores this fall and started to build again from scratch. Graduation had wrecked his 1949 eleven.

And after the Sooners won 10 straight—their entire schedule—Wilkinson said at last he was finally convinced his team was as good as everybody predicted it would be before the season opened.

Boys Bud has been a head coach only four years, all of them at Oklahoma. In that time, he earned a reputation as the best young coach in the business—many claim he's the best, young or old.

His teams have won 38, lost three, and tied one for a 926 winning average. The cold figures speak stronger than any adjectives.

His team finished first this year in the Associated Press' poll, second last year. Oklahoma has won the Big Seven title the last two years.

Meade Eases Racing Brawl

MIAMI, Fla., Dec. 15—(P)—Jockey Don Meade, with tears in his eyes Wednesday withdrew his application for a year's probationary riding license only two days before he could have ended a 5-year exile.

In doing so, the 37-year-old "bad boy" of racing took the Florida State Racing Commission off an uncomfortably hot seat of its own creation.

Meade was granted the probationary license last Saturday by a commission vote of 3 to 1. Chairman Leo Edwards of Miami, vice president of the National Association of Racing Commissioners, vigorously opposed the action he contended was in violation of the National Racing Association.

Hubbard Hi Tournament On Saturday

Six Teams Entered; One From K. C., Kas. Others Missourians

The Hubbard High School basketball team will have a busy weekend in the Hubbard High gym. Tonight, at 8 o'clock they will meet the Lincoln High school basketball team of Joplin, Missouri, in a return game. Saturday they will play in the Invitational Tournament.

The Tigers have yet to win a game this season. They will be seeking to return the defeat handed them by Joplin. The boys are determined to win a game and are going all out to start against Joplin.

Coach Adkins reports the team as a whole, has shown a lot of improvements over its first poor showing against Joplin. The team has gained some much needed experience but still lacks the ability to hit the basket. The defense of the team was very good in the last game but the inability to score caused them to lose. When the Tigers find the range they are expected to make it hot for any team.

Tourney Drawings

Saturday the Tigers may have a chance to get into the win column in their Invitational Tournament. Some of the best teams in the state and also a team from Kansas City, Kansas, are entered. Much spirited competition is expected with such teams as Lincoln High of Kansas City, Mo., Boonville, Joplin, and Springfield to round out the six team tournament.

Lincoln High of Kansas City, Missouri, is considered the best in the state of Missouri, this year. The two arch rivals from Southwest Missouri, Joplin and Springfield, have strong teams and always put up a strong fight. Boonville and Kansas City, Kansas, always have strong teams which should make a very interesting day of basketball.

The team drawings will be at 8:30 Saturday morning and the first basket should be scored a few minutes after 9:30. The afternoon session will start at 2:30 p. m. and the night session at 7:30 o'clock.

The Hubbard Cheerleaders under the direction of Miss Neppie Gerhardt are expected to give a fine showing during the time Hubbard is playing. The Cheerleading squad will be led by the Hubbard School Queen, Susie Allen. Some of the Cheerleaders are: Jean Lawson, Lolita Carter,

participating in the Associated Press year-end poll voted Bud as the coach who did the best job this year.

Cleveland Favored To Take Professional Grid Playoff

CLEVELAND, Dec. 15—(P)—To win. If there is a tie, there will be "sudden death" periods of 15 minutes each. Whoever scores first is the champ.

Today the Browns worked out in snowy, ice-cooled League park, and barring an unexpected shift in the weather it will be that way here Sunday.

Len Ford To Miss Game

The Browns have their assortment of bruises but that's normal. They'll all be ready, excepting end Len Ford who has been out of uniform two months because of face injuries.

Browns On Spot

That puts the Browns in a funny spot. Here they lost both of their games with the Giants and yet the Clevelanders are the betting favorites by seven points.

In the old All-America conference, which they championed all four years, only once, in 1946, did the Browns lose as many as two games, but to different teams.

Even if no one shows up for this contest—a crowd of 35,000 or better is expected—both the Browns and Giants can be sure of a nice piece of change.

A Good Day's Pay

Each of the 66 players will receive one-twelfth of his season salary. Suppose one has an annual salary of \$12,000. He'll get \$1,000 for the day's work.

"Forgive me," said Scrooge, "but I see something strange protruding from your robe."

The Spirit threw back his robe to reveal two miserable, frightful children cowering at his feet. Scrooge was appalled at what he saw. "Spirit! Are they yours?" he gasped.

"This boy is Ignorance. This girl is Want," said the Spirit. "And they are not mine, but Man's!"

Community News from California

By Mrs. Harold Priess

Cub scouting and a movie on Parent Education were featured at the meeting of the Parent-Teachers association at the meeting last Thursday night. After a brief business meeting R. L. Hert, of the Cub Scout committee presented Mr. Kent Kane, Boy Scout field executive from Eldon who explained the Cubbing program from the requirements of leadership through the purposes, approximate cost and activities. With the prospect of a Cubmaster and five mothers offering to serve as den mothers the committee hopes to be able to complete the organization of a pack in California early next year. County School Superintendent, Mrs. Bernyce Bailey presented a report on her trip to the Warrensburg Parent-Teacher workshop in conjunction with the movie "Preface to Life." The hospitality committee served cookies and coffee. The December meeting will be held December 18 at 7:30 o'clock prior to the Christmas musical.

Miss Laura Meyer and Mrs. G. C. McColester were the speakers on the "Woman's Day" program which was held at the Christian church Sunday morning. Car Stealing Youths Caught

NORTH LITTLE ROCK, Ark., Dec. 15—(AP)—A two-mile chase by North Little Rock police on Thursday landed three teen-age youths in jail.

Police Chief Jack Pyle said the three, Bill Wilson, 18, (2731 Beaux), James Rogers (3100 Conger) age unknown, and Ray Peart, 13, (4421 Harrison) all of Chicago, admitted stealing a late model automobile in Chicago ear-

lier today. They also admitted two other thefts while on their trip south. Chief Pyle said they told him they were on their way to Arizona.

Deputy Sheriff L. B. Tobin said he became suspicious when he saw the youngsters driving the car at a high rate of speed. He halted the car and told the boys he would follow them to the North Little Rock police station.

En route, the driver of the youths' car pulled away. Tobin gave chase. Two North Little Rock police officers noticed the chase and stopped the car.

Chief Pyle said the boys are being held for questioning. He said Chicago officials have been notified.

Truman Urged To Clamp On Controls

By ROGER D. GREENE
WASHINGTON, Dec. 15—(AP)—Talk of raising a 4,000,000-man army and drafting a famous industry leader to mobilize the nation's home front was heard among defense chiefs tonight on the eve of President Truman's report to the country on the world crisis.

All signs indicated that vast industrial mobilization is in the offing.

Some Congress members expect Mr. Truman to proclaim a

state of national emergency in his broadcast tomorrow night and announce the first moves toward a rigid wartime economy. This may include at least partial wage-price controls at the outset.

Some officials said the plan calls for creation of an agency along the lines of the war production board which geared the nation's economic might into the military effort in World War II. Wilson was executive vice chairman of the WPB.

In New York, Wilson was un-

reachable. But a spokesman for General Electric said there was no comment.

Should Set Goal Of 4,000,000

Chairman Vinson (D-Ga.) of the House armed services committee, who often reflects the viewpoint of the defense department, told newsmen the armed forces should set a goal of 4,000,000 men in uniform by June, 1952, with 3,500,000 under arms next year.

"That is the goal military plan-

NEW YORK, Dec. 14—(AP)—Charles E. Wilson, president of the General Electric Company, tonight accepted the job of guiding a new central defense mobilization agency.

A company spokesman issued the announcement that the GE chief, executive vice chairman of the War Production Board during the last war, had agreed to take the post.

ners should start working toward immediately," he said.

The present target is 2,771,000 men by next June. However, that figure was set before the grave turn of events in Korea, and both President Truman and Secretary of Defense Marshall have spoken since of "raising our sights."

Would Broaden Draft
If Vinson's suggestion is followed, it would mean broadening the draft which now reaches only men in the 19-to-26 age bracket. It might also mean extending the present 21-month period of service to 24 months or longer. The present "turnover" due to service expirations is about 600,000 a year.

At the White House, President Truman held a final round of talks with congressional leaders before telling the nation tomorrow night what steps are needed to cope with the threat of World War III.

One of the lawmakers who attended the White House conference told newsmen:

Predicts Controls Soon
"I would wager that within 48 hours after the President speaks tomorrow night, so a sort of wage-price controls will be imposed."

The legislator, who asked not to be named, said he believed the first controls would be selective rather than across-the-board. Such limited controls presumably would apply to key defense industries and materials.

Senator Tobey (R-NH), who also attended the White House meeting, told a reporter he thinks general wage-price controls will be applied "very soon."

The President's broadcast is set for 9:30 p. m., C.S.T., tomorrow. It will be carried on a nationwide radio hookup and by some television stations.

Life Term on Murder Charge

ST. LOUIS, Dec. 14—(AP)—Fred D. Slaten, 30, former city policeman, was sentenced to life imprisonment last night by a circuit court jury that convicted him of murdering a man during a drinking spree last March in which he terrorized a neighborhood.

Slaten, a Negro, was convicted of first degree murder in the fatal shooting of Mote L. Land, 24, also a Negro. A probationary patrolman, Slaten was off duty and in civilian clothes when he walked down a St. Louis street firing his service revolver.

He testified that something must have been added to one of the drinks he had before the shooting. He said he remembered nothing about the incident until he awoke in a police station several hours after the shooting.

Move Troops And Supplies in Korea

Troops and supplies are loaded onto a ship at an east coast port in Korea for transfer to another Korean port. Chinese Reds broke off contact in the northeast after the last of the encircled U. S. First division marines and 7th division infantrymen escaped into the safety of the allied Hamhung-Hungnam beachhead. (NEA Telephoto by staff photographer Ed Hoffman)

Security Blackout Cuts Off All News Of Action, Moves

TOKYO, Dec. 14—(AP)—A swelling force of 100,000 Chinese Reds imperiled the shrinking allied beachhead in northeast Korea Thursday.

(A Moscow broadcast heard in London quoted the North Korean Red command as saying the U. S. Marine First Division, U. S. Army Seventh Division and South Korean First and Capital divisions were being evacuated by sea from the Hamhung area.)

(This merely confirmed frontline dispatches from American correspondents Dec. 13 that Allied ground forces were evacuating that northeast Korean area by sea. A military blackout of movements on that front since has prevented further details from the allied side.)

Growing numbers of Russian-made jet fighter planes loomed over northwest Korea, indicating the Communists may be starting to wage all-out air war.

Only one sharp patrol action was reported from the western ground front.

Allied Abandon Oro
A field dispatch said the allies abandoned the town of Oro on the perimeter of the Hamhung-Hungnam beachhead on the northeast coast of Korea Thursday and pulled back toward Hamhung.

This withdrawal in good order indicated the northern rim of the United Nations' last foothold in northeast Korea had dwindled from about 14 miles in depth to about six.

The U. S. Army snapped a security blackout on news by the U. S. Tenth Corps in the northeast, and generally tightened up on a military information elsewhere in Korea.

Applies to Locations — Plans
The blackout applied to troop locations and plans for future movements. Its purpose was to keep from the enemy any information which might further jeopardize the position of allied forces in Korea.

There still is no formal censorship in the war, which has gone uncensored since its start.

The army, however, has given correspondents a new list of "suggestions." These cautioned that no information be given on activities planned or in progress, and that no reports of activities or locations of allied forces be made except in terms of divisions, units or separate forces, and then only when the forces are in firm contact with the enemy.

Bridges Are Destroyed
Puerto Rican troops with the Third Division blew up a highway bridge and a railroad bridge south of Oro as they pulled back.

AP photographer Max Desfor, with the Puerto Ricans, said the town was set ablaze in pre-dawn fighting.

Allied tanks and planes battered the attacking Chinese in the early morning, Desfor said. About 200 Communists were reported killed just north of Oro.

Other bridges on the Hamhung-Hungnam perimeter were blown up but the locations were not given.

General MacArthur's war summary issued Thursday, covering action of Wednesday, said Tenth Corps units "continued active patrolling and improvements of positions."

Reds (100,000) Press Beachhead

The Tenth Corps spokesman estimated Thursday that at least ten Red Divisions—about 100,000 men—were pressing down on the allied beachhead in the northeast. Previously, the Red force there was placed at about 80,000.

The officer said most of the Red troops were in the Songchon river valley area, pointing at the beachhead from the north.

Over northwest Korea, 24 Russian-made Mig-15 jet fighters tangled with four American jet F-80 Shooting Stars. None of the American planes was reported damaged. Pilots said one Communist plane was hit.

Maj. Gen. Earle E. Partridge, commanding the U. S. Fifth Air Force, said it was the biggest aerial battle of the war.

The Red Air Force has offered little more than token opposition since the start of the fighting.

Six to Report For Induction

The Selective Service office has received a call for six men to be inducted into service to leave here at 12:35 o'clock Monday afternoon, January 15.

They are: Samuel D. Lawson, 726 East Fourth street; Wayne W. Westbrook, Houstonia; William D. Kemp, 409 West Clay street; George Hall, Jr., 408 West Morgan street; Floyd H. Moorehead, 312 West Johnson street and Norman U. Butler, LaMonte, transferred to this board from Dalhart, Tex.

Allied Troops Hold Escape Routes

The bulk of the Allied Eighth army has withdrawn to parallel 38 (1) and is in position to fight an orderly retreat along the main road to Seoul. The troops are south of Sariwon but their exact position is a military secret. The Chinese Reds appeared to be turning toward the center of the peninsula (2) where there is no allied line. In the northeast, the 10th corps has set up a defense box around Hamhung (saw tooth line) while a UN fleet was off Hungnam ready to evacuate troops, if necessary. The movements of an American army regiment and two South Korean divisions (3 and 4) further northeast, were shrouded in secrecy for security reasons. (AP Wirephoto map)

No End In Sight To Chicago Rail Tie Up

CHICAGO, Dec. 14—(AP)—The postoffice department tonight ordered a far-reaching embargo on Christmas parcel post mailings because of the spreading railroad strike that now affects nearly two thirds of the nation.

The government, meanwhile, obtained two more federal court orders aimed at ending the strike, but there were no signs of an early break in the crippling walkout of yard workers at key terminals.

The partial embargo, effective immediately, includes all parcel post. But it will fall most heavily on Christmas packages. The order means that hundreds of postoffices in every part of the country will be sharply limited on what parcels they can accept from the public. The order comes at the peak of the Christmas mailing rush.

The strike, which started in Chicago yesterday, also has hit war shipments, cut steel production and slowed meat supply movements from Chicago to the east.

These are the highlights in a day of rapid breaking developments:

Court Orders Issued
1—Federal Judge Alexander Holtzoff issued a temporary restraining order in Washington and Federal Judge Emerich B. Freed later issued a similar end-strike order in Cleveland. Both directed the Brotherhood of Railroad Trainmen to end their "wildcat" strike. A similar order was issued in Chicago Wednesday night by Federal Judge William J. Campbell.

2—Despite the Chicago court order, the strike spread during the day to terminals in Washington, St. Louis and Alexandria, Va., and disrupted service in Baltimore.

Tieup Blocks East-West Freight
The tieup in Chicago and St. Louis blocked the movement of much east-west transcontinental freight. The strike in Alexandria's Potomac yards, the south's biggest rail center for freight trains, affected virtually all north-south freight moving on the eastern seaboard.

This area comprises roughly two thirds of the nation.

3—Union officials called a meeting of general chairmen in Chicago. They read them Judge Campbell's order threatening possible penalties, and a message from W. P. Kennedy, BRT president, urging a return to work. However, the officials said the men did not react favorably to the news and that they could not predict what the strikers would do.

Skeptical On Walkout
4—Chairmen for the railroads in Washington issued a statement asserting they are "frankly skeptical" of claims by union officials that the walkout is unauthorized. "The walkout was too well organized and the activities of local brotherhood leaders too conspicuous to lend credence to the claim that it was not a planned strike," they said.

5—Assistant Postmaster General John M. Redding said tonight that "the situation is no better it is worse." "We are advised that operations at Baltimore and Kansas City may go down at any time," he said.

Unidentified Men Pull Crash Victim From Burning Automobile

TOPEKA, Kas., Dec. 14—(AP)—Two unidentified men were credited by the highway patrol with rescuing Hartman Goetze, Rushville, Mo., from his car after it overturned and caught fire north-east of here last night.

Goetze was brought to a Topeka hospital for treatment. Hospital attendants said he received a fractured arm, lacerations and abrasions.

The patrol said Goetze's car overturned and burst into flames after a side-swipe collision with a tractor-pulled wagon loaded with corn. The accident occurred two miles east of Meriden, Kas.

The patrol said two men in a passing car stopped and pulled Goetze from the blazing vehicle.

Smoke Routs Guests On Hotel's Sixth Floor

JEFFERSON CITY, Dec. 14—(AP)—Smoke from three separate fires routed sixth floor guests from their rooms at the Missouri hotel late last night.

Manager Ralph E. Scott said three rollaway beds burned on the third floor, fourth and sixth floor landings of a back stairway. He estimated the damage at \$300 to \$400.

Scott said there was a possibility the fires had been set deliberately.

Married On Thanksgiving

Miss Doris June Langston, daughter of Mr. and Mrs. William Langston of near Warsaw, became the bride of Mr. Harold Bruns, son of Mr. and Mrs. R. W. Bruns of Windsor at 10:00 o'clock in the morning Thanksgiving day, November 23, at the Christian church in Windsor. The Rev. J. D. Garrison, pastor of the church, read the double ring ceremony.

The church was decorated with white chrysanthemums, ferns and burning white tapers in candelabra. Preceding the ceremony Marilyn Bruns, twelve years of age and sister of the bridegroom played a special piano selection while the candles were being lighted by nieces of the bride, Janice Davis, who wore a blue suit and her sister Joyce, who wore a suit of red. During the ceremony several favorite musical selections of the bride were softly played by Marilyn, who also played the traditional wedding marches.

The bride, who was given in marriage by her father, chose for her wedding a navy blue suit with white accessories. She carried a white lace handkerchief and her corsage was of red roses.

Maid of honor, Miss Mary Etta Langston, sister and only attendant of the bride, wore a navy blue suit with blue and white accessories and a corsage of white carnations. Mr. Doyle Wienzree, friend of the bridegroom, served as best man.

black accessories and Mrs. Bruns, mother of the bridegroom, wore a blue dress with pink and blue accessories. Each of the mothers wore a corsage of white carnations.

Immediately following the ceremony, a wedding dinner was held at the home of the bride's parents. The home was decorated with potted plants and arrangements of fall cut flowers. The dining table was covered with a white embroidered linen cloth and a large three-tiered wedding cake topped with a miniature bride and bridegroom, on either side of which were tall white candles in crystal holders, formed the centerpiece. The cake was baked by Mrs. Irvin Davis, sister of the bride. After the first piece of cake was cut by the bride and bridegroom, Mrs. Davis assisted in serving.

Guests were relatives and close friends of the couple who were: Mr. and Mrs. William Langston and son Charles Marvin of Warsaw; Mr. and Mrs. R. W. Bruns and daughter Marilyn; Misses Ruth and Roberta Larson, all of Windsor; Mr. and Mrs. F. W. Schenewier, Mrs. Katie Wischmeier, Miss Annette Boehmer and Mr. and Mrs. Irvin Davis and two daughters Janice and Joyce of Lincoln; Mr. and Mrs. William Langston and Miss Mary Etta Langston of Kansas City; Mr. and Mrs. Herbert Williams and daughter Connie Sue and Mr. and Mrs. Harry Brown, Jr., all of Burlington, Iowa and Mr. and Jack Boyer of Lawrence, Kas.

Following the dinner, the couple left for a short wedding trip in the Ozarks.

The bride is a graduate of the Lincoln high school with the class of 1947 and attended school at CMSC at Warrensburg two terms. She has spent the past three years teaching in the rural schools of Benton county, where

Rose Society Christmas Party

The Sedalia Rose Society held its Christmas dinner and party at the home of Mr. and Mrs. Herbert Seifert, 1701 West Eleventh street, at 7:00 o'clock Tuesday evening.

A turkey dinner was served in the recreation room in the basement.

A Christmas tree gift exchange was a feature of the evening. Christmas decorations had been placed throughout the home by the members of the club. A Santa with his reindeer was on the mantel, red and white tablecloths were used along with effective Christmas decorations.

The program committee conducted Christmas contests and those who received awards were Mrs. Leslie Hale, Mrs. Oscar DeWolf, Leland Hoback and C. L. Carter.

The members then went up to the living room which was decorated with Christmas scenes of the wise men, a lighted choir and snowmen.

A short business meeting was presided over by the president, Mrs. Seifert and a social hour followed.

Ten persons were taken into custody in three raids conducted Saturday afternoon by the State Highway Patrol at the Smoke House, 314 South Ohio avenue; B and H Cigar Store, 211 West Main street and the Pla-Mor, 207 West Main street. The raids were conducted simultaneously at 3:15 o'clock by Sergeant William Barton who went to the Pla-Mor, Trooper Dewey Millsap, of Lee Summit, Mo., who went to the Smoke House and Trooper Pete Stohr who went to the B and H Cigar Store.

Various items used in gaming, or gambling, were seized at all three places which were taken to the office of Sheriff John Taylor who locked them in the vault of his office.

Trooper Millsap took in custody five persons at the Smoke House, Joseph McEniry, 211 West 500th, Charles W. McEniry, 500 West Fourth street, owners of the place. Mrs. Elizabeth Barnes, 306 West Sixth street, Roy Eirl, 1205 East Fourteenth street, clerks, and Chester Anderson, rural route Smithton.

Trooper Stohr, arrested two persons at the B and H Cigar Store, taking into custody Kenneth Reams, 1018 East Fifth street; and Robert Lee Reams, 110 1/2 West Second street, proprietor.

Sergeant Barton at the Pla-Mor arrested three persons, Charles W. Thompson, Jr., 409 West Fourth street, proprietor, his father Charles W. Thompson, Sr., 1804 South Carr avenue, and Harry H. Morrison, room four, Kahn Building, a clerk.

Confiscated at the Smoke House were tip boards, turkey boxes, candy boards, two dice boxes and several sets of dice, and brass chips, weekly baseball board, and a large amount of used tip tickets. Taken at the Pla-Mor were several sets of dice, six dice cups, a dice pad and bumper boards, tip boards of various types, two decks of cards.

From the B and H Cigar Store several tip boards, punch boards and one punch board with a watch on it.

Bonds Are Given
Nine of the persons were taken to the police station after being questioned at the sheriff's office by the state patrol members, where they furnished bonds of \$2,000 each to appear in court at 9:00 o'clock Tuesday morning. James E. Durley, assistant prosecuting attorney and also city attorney, said the charges at police court were technical, and that he desired to let Prosecuting Attorney William F. Brown, file the charges.

Prosecuting Attorney Brown and Mrs. Brown returned late Saturday night from Chicago where Mr. Brown attended the Executive Board meeting of the C. B. I. since last Thursday night. He stated upon learning of the raids by the State Patrol that on the basis of the information he has been given so far he plans to file state charges on Monday. Chester Anderson was released by Trooper Pete Stohr after being given a State Highway Patrol summons to appear in the Magistrate court, Wednesday morning. No bond was required of him.

Search warrants were not used in the raids.

A state trooper in civilian clothes is reported to have visited the various establishments following which other troopers, also in civilian clothes, made the raids.

Is Injured in Elevator Drop

John M. 'Duke' Davis in Three Story Fall

John M. "Duke" Davis, 1014 South Ohio avenue, elevator operator at the Ilgenfritz building, Third street and Ohio avenue, was severely injured about 12:30 o'clock Saturday afternoon when his elevator fell from the third floor of the building into the basement. He suffered a compound fracture of the left leg just below the knee.

John T. Stanton, Hughesville, was the first to reach Mr. Davis, dashing from the third floor down the stairs into the basement. He opened the cage door on the elevator and found Mr. Davis. He talked with him while others summoned aid.

Mr. and Mrs. Stanton and their son were standing at the elevator door on the third floor waiting its arrival. J. W. Palmer, 901 South Vermont, attorney, who has his office on the floor and R. R. Sellers, rural route Sedalia, whose office is also on that floor stepped off the elevator. Mr. Palmer turned to the Stanton's and asked them into his office.

Rushed to Extend Aid
They no more than turned around when the elevator began its dropping trip. The crash was heard throughout the building. Mr. Stanton then dashed to the basement to give whatever aid he could.

The fire trucks from the West Sedalia station were called and firemen went into the basement to see what they could do. In the meantime Dr. H. O. Wilber, who has his office in the building, ran down and examined Mr. Davis. He then applied emergency splints to the broken leg and Mr. Davis was then taken in the Ewing ambulance to the Bothwell hospital.

Dr. E. L. Rhodes attended Mr. Davis at the hospital and set the fracture also had X-ray pictures taken to determine the extent of the injuries.

Firemen said apparently a bolt, or two bolts, holding two of the large cables had snapped letting the elevator cage drop. An emergency brake on the elevator also failed to hold, it was reported by Mr. Davis.

Mr. Davis has been employed as elevator operator at the building for more than thirteen years.

Accused in Theft Of a Taxicab

A Yellow Cab, stolen from an alley next to the taxicab office at 306 South Lamine avenue about 9:00 o'clock Friday night was recovered and the occupant taken into custody within five and a half hours. The cab was recovered in Kansas City and the occupant identified as William Homer Clark, who said he resided in Kansas City at Tenth street and Oak avenue was taken into custody by the Kansas City police. Clark, it was also reported, lives in Sedalia, giving his address as 822 West Twentieth street.

The cab was taken while the driver assigned to the machine, Lee Paxton, was soliciting passengers at the Missouri Pacific bus depot. When he returned for his cab it was missing.

In the meantime the "new" driver of the vehicle collided with a car driven by George Ricks, shoe salesman at the alley between Third and Fourth streets on Osage avenue. The driver drove off without giving a report and was last seen headed south on Osage avenue. Before police arrived he had made good his escape.

A report of the cab being stolen was made to the police who in turn notified the state highway patrol by radio. The patrol then notified the Kansas City police department.

Deputy Sheriff Lee Feaster and Chief of Police Edgar Neighbors went to Kansas City to return Clark to Sedalia Saturday evening. Roscoe Thomas, manager of the taxicab office, accompanied the officers and returned the cab to Sedalia.

Charges of larceny of a motor vehicle were filed by assistant prosecuting attorney James Durley in the magistrate court of Harold Barrick.

the field to wind-up the scoring. John Mais was high point man for the Moose with 27 points, with Dean Edwards running second with 17.

The Garrison brothers, J. T. and Bob, each scored 19 to pace Versailles.

Judge H. O. Berry Perfecting Civil Defense Setup Here

With war conditions such as they are, the importance of civil defense is being stressed in communities throughout the nation. Since his appointment as director of civil defense in Sedalia, Judge H. O. Berry, retired Army officer, has been at work perfecting the organizational setup for this community.

There are dozens of elements in the organization plan to make it effective. Every community and every person has a part to play in it, according to Judge Berry. Remoteness from places considered probable targets does not exempt any community from playing its part in the overall program.

This fact was recognized at the meeting here Wednesday of the Municipal League, attended by mayors, attorneys and councilmen from smaller towns in Central Missouri. It was brought out that these towns should now offer their services to Kansas City and St. Louis in the planning of evacuation service in cases of bombing attacks on the metropolitan areas. If such an incident does occur thousands upon thousands of city residents will be displaced and the natural resources will be their movement to rural areas.

Must Be Prepared
Sedalia and other towns must

be prepared to take care of these people, perhaps their own if they also become casual targets.

For the first time in 136 years this country is vulnerable to an enemy who can attack without warning by air and with bombs.

To cope with this there must be proper organization and civil defense training.

Perfection of this organization is underway but cannot be accomplished unless Judge Berry has unlimited support. Mayor Herb Studer is the chief executive of the defense organization; Judge Berry the director. Chester Wolfe has been named to take care of the legal phases; D. K. Scruton, the publicity; Roy Snyder, deputy director; the Howard Construction Company to provide evacuation and transportation service; James E. Norlin, assistant operating director. Other appointments will be announced from time to time to head up shelter protection, civil air raid warning, health and emergency service, plant protection, rescue service, block captains and a dozen or more other necessary committees.

Judge Berry asks the cooperation of the entire community in placing Sedalia in the forefront of Missouri cities organizing for civil defense, a program the delay of which can prove hazardous.

Hubbard High Honor Group Presented Friday At School by Principal Hylick

The members of the National Honor Society, students eligible for the National Honor Society, and students making the principal's honor roll, were presented Friday morning to the audience by the principal, J. B. Hylick.

The principal gave to these people his congratulations and requested that they continue to give every bit that is in them to continue on the Honor Roll. He stated to the members of the honored group that he was sure they know that honor begets honor and that those who strive for honor in the right way usually attain glorious honors. In talking to the pupils Mr. Hylick stated that he was utterly disappointed over the fact that more of the students were not honor students. The question was asked why is it that the majority of the students fall in the average category of just getting by. Is it because some psychologist say the majority is (usually) the average or do we just take it for granted that the majority will fall in the psychological bell curve.

Before the honored students were presented the 6th grade, under the direction of Miss Ruth McKenzie, presented a very beautiful short play "The Land of No Read." Each child showed evidence of having been taught by performing so beautifully when called upon. The band, under the direction of Charles Moten, played two numbers, "O Come All Ye Faithful" in which the students sang along with the band. The other was "The First Noel." There were several parents present at the program to which Mr. Hylick, principal, welcomed and stated that he was always happy to see parents interested in their children from the standpoint of actually doing. He asked the parents to make themselves a committee of one to see that other parents might send their children to school regularly and become more interested in them as far as the library side is concerned. Mr. Hylick said that he thought the easiest thing in the world for a person to do was to be ignorant. In his closing remarks he said to those parents and students that the price of success with your children is vigilance. Are you willing to pay it to have your children become successful men and women in such a complicated, disturbed, uncertain, and most exciting world?

The honor students are as follows:
National Honor Society Members:
Arline Carter, Samuel Johnson, Addison Williams, Araminta Williams, Lolita Carter, John Irving, Donald Jackson, Barbara Parks, Charles Curd, Barbara President, Marileeta Cox, Joann Nelson.

Students eligible for the National Honor Society:
David Bogges, Elva Johnson, Shirley Burton, Pauline Robinson, Donald Cox, Dorothy Willis.

Students on the Principal's Honor Roll:
Coletta Byrd, Nancy Maddox, Herman President, Harry Reed, Shirley Henderson, Marian Moore, Marian Black, Rosemary Rhodes, Alice Irving, Marquita Wharry, Minnie Campbell, Mary Thompson.

Charges of larceny of a motor vehicle were filed by assistant prosecuting attorney James Durley in the magistrate court of Harold Barrick.

CBI Committee Holds Session On Asia Relief

William F. Brown, Pettis county prosecuting attorney and national commander of the China-Burma-India Veteran's Association, returned to Sedalia Saturday from an emergency meeting of the C-B-I executive committee in Chicago.

The major business of the meeting was the implementation of the Burma Resolution passed in a similar meeting here last month.

The following resolution was passed by the committee and will be sent to the President and both houses of Congress.

Whereas, there have been sweeping changes since our annual reunion in August 1950, and whereas we feel the American public is interested in the reaction of veterans of the C-B-I theater of operation in World War II to the present crisis in the Far East, now be it resolved by the executive committee of the C-B-I VA in emergency session assembled that:

(1) The convention resolution recommending American aid to Burma be implemented to unconditionally recommend immediate American aid to all southeast Asia in emergency efforts to stop the spread of Communism in Asia.

(2) To recommend immediate American military aid to a country in southeast Asia that is sincere in its efforts to stop the on-rush of Communism in Asia.

(3) That this country use any and all means in combating Communism in Asia and elsewhere and that we continue to use our armed services, and to furnish economic assistance in the Far East until all Asiatic countries have had opportunity to establish governments of their own choice without foreign interference.

It Was Only 85 Above In Downtown Los Angeles

LOS ANGELES, Dec. 9.—(P)—The mercury, aided by bright sunshine, hit 85 in downtown Los Angeles today, all time record for the date.

The previous Dec. 9 record was 83 in 1948.

As the thermometer went up, the humidity went down to a low of 14 per cent—making a fire hazard throughout dry southern California.

Elsewhere on the weather front, a slight earthquake jarred the Wilshire district but no damage was reported.

Big Plans For 1951 Missouri State Fair

A New Grandstand Show And Carnival For The Exposition

The plans for Missouri's 1951 State Fair are shaping up with expectations of a bigger and better exposition. That's the information given out by William E. "Bill" Preston, secretary of the fair who recently attended the annual entertainment conventions at Chicago.

Attended Chicago Meetings

Secretary Preston in company with R. T. Thornburg, Commissioner of Agriculture, and W. E. Poindexter, superintendent of concessions, returned the middle of the week from Chicago where they attended the International Association of Faris, Midwest Fair Circuit, Showman's League of America and National Association of Parks, Playgrounds and Beaches meetings.

One of the largest carnivals in the nation, Cetlin and Wilson World of Parade Shows, has been signed to appear here for the week! Sedalia will be its first stop ever made west of the Mississippi River.

Interpreting The News

By J. M. ROBERTS, JR.

AP Foreign Affairs Analyst

The United States has been forced to shift from consideration of a new world war as an ultimate possibility to its presence as a constant threat.

There is still hope that it can be averted for two or three years, when the Western powers will be in a position to negotiate from strength instead of from the weakness which now encourages Russia to take chances with such things as the Korean affair.

The reasons why it would seem that Russia should not precipitate a war now have been discussed in this column frequently. They include the old Communist line that the Western countries will eventually hang themselves in their own economic nooses, permitting Communism to walk in; that it is believed to be years before Russia will be ready to challenge the industrial strength of the West; that she is far from being completely recovered from Hitler's devastation; that she is having enough trouble trying to digest her post-war acquisitions.

But she has dared to risk what may yet turn out to be a start of a general war for the sake of a relatively minor gain in Korea.

She has just now boldly admitted her control of the Korean situation through Malik's statement at the U. N. that Chinese troops will withdraw from Korea if other foreign troops do likewise. Pravda, voice of the Kremlin, has dropped the farcial claim that the Chinese troops are unofficial volunteers, and is letting the Russian people know of the possibility of war. There are reports that a joint Russian-Chinese-North Korean high command has been set up.

Nobody is quite sure just what was meant by Russia's announcement that she would not "tolerate" the Chinese pronouncement, but it sounded mighty like they would not stand idly by while the U. N. forces occupied North Korea.

General Marshall has told Congress that the nation's war industry must be built up to meet the serious threat of a global conflict. Heretofore Washington officials have stuck mainly to the line of building up strength to deter Russia from making war. Now Marshall says it is "very hard to answer" whether war may come in the next few months.

Chinese May be Moving Into Some Sort of Monroe Doctrine

By DeWitt MacKenzie

AP Foreign Affairs Analyst

Sir Benegal Rau, India's United Nations representative, expresses the conviction that the Chinese people "seem to be moving toward a sort of Monroe doctrine for the Far East."

That's an interesting observation, especially as coming from an Asiatic statesman whose own great country also appears to be reaching for leadership in that part of the world.

Sir Benegal of course had reference to America's Monroe doctrine. That gets its name from President Monroe, who in 1823 warned European nations to keep hands off the Western hemisphere.

Sir Benegal made this statement in laying before the U. N. a plan sponsored by Asian and Middle East countries for a cease fire in Korea. He said he was convinced the Peiping government wanted peace but that the people have been made suspicious by past ordeals and see aggression where none exists.

Well, if that is a correct estimate it could go far towards explaining China's military intervention in Korea. I believe, however, we must dig deeper than that for a solution.

The Korean upheaval is, of course, another clash between communism and democracy. As such it is part of the ideological struggle which rapidly is enveloping Asia.

The Soviet Union—part European and largely Asiatic—is the commander-in-chief of the Red forces. Its lieutenant for Eastern Asia is Red China, mighty in territory and resources and boasting close to a fifth of the world's population.

Under these circumstances it isn't strange to see Communist China apparently aiming at the dominant position in the Far East. And a good deal more than a "Monroe Doctrine" is involved.

China's intervention in Korea, and her operations against Tibet, Nepal and Indo-China make it evident that "control" is what Peiping is after.

Whether Mao Tse-tung, Red Chinese leader, is personally ambitious or is being pushed into gate, Rock Island, Ill. and Mrs. Vern Smith of Winston Salem, N. C.; one nephew Clyde Johnson, St. Louis and other relatives.

No Word as to Early 35th Call

Maj. Gen. John C. McLaughlin Says Routine Followed

Apparently an early activation of the 35th Division of the national guards, composed of units from Missouri and Kansas is nothing more than rumors according to Major General John C. McLaughlin commanding general of the 35th.

At least the commanding officers have not received any word official, or unofficial, as to calling in the troops sixty to ninety days earlier as has been indicated by a Washington, D. C. correspondent to the Kansas City Star.

Maj. Gen. McLaughlin did state the 35th is going ahead with its plans for the next summer encampment which is scheduled for Ft. Leonard Wood during the fifteen-day period of July 29 through August 12. The summer encampment dates which ordinarily are scheduled for the middle of August to the latter part of the month were moved up for 1951.

The regular routine of training has not been stepped up. There has been no indication of such a move; or change of any kind in this plan up to the present time. Orders received from time-to-time from the War Department have not indicated any early call for the Missouri-Kansas units.

Nebraska Not in 35th Division does not have any troops from Nebraska as during the first and second war periods. During the past five years the 35th was activated and reorganized under a new plan for the national guards. Nebraska troops are now in the 34th Division along with Iowa.

The article in the Kansas City Times, Thursday morning, written by Duke Shoop, The Star's Washington correspondent, said in part that, "informed sources said the critical world situation and President Truman's plan for sharply increased goals for the armed services will put ahead the army's schedule by sixty to ninety days."

"Thus far only four national guard divisions have been mobilized. Another four originally were scheduled to be called into federal service early in the New Year. The 35th was in the third list, tentatively earmarked for call in May or June, it might be that the Missouri-Kansas troops will be called much earlier."

The Navy: 366 casualties, including 45 killed in action, 263 wounded (seven later died), and 38 missing.

Marines: 4,517 casualties, including 721 killed in action, 3,774 wounded (123 later died), and 22 missing.

Air Force: 282 casualties, including 97 killed in action, 19 wounded (three later died), and 166 missing.

Of the total of 5,143 missing in action for all the services, 630 were given as having later been returned to U. S. military control. 107 are currently known to be captured, and 4,401 are still missing—as of the notifications to next of kin through Dec. 8.

Prospectors Are Excited Over New Lead Vein

JASPER, Ark., Dec. 14—(P)—A vein of lead has been reported found near here and has attracted a number of prospectors.

It was uncovered near Ponca, in the northwest section of Newton county, by a road worker operating a bulldozer.

The finder, Harold Jones, 26, son of County Judge Will Jones, said the blade of his machine turned up what he described as pieces of pure lead. After further investigation, he expressed belief he had hit a rich strike, based on current lead prices.

The state geologist's office in Little Rock said it had received no report of the find.

Newton county is in the Ozarks hill country in northwest Arkansas, roughly 75 airline miles southeast of Joplin, Mo., lead and zinc center.

Young Jones said an exploration indicated an abundance of lead in pure and ore form. He cut a ditch 100 feet long, eight feet wide and from four to six feet deep and said he saw the lead—some pieces larger than a man could lift.

He planned to haul a truck load of the metal to Joplin today.

Casualties in the Korean War Rise

WASHINGTON, Dec. 14—(P)—Announced American casualties in the Korean war rose to 33,878 today, an increase of 1,436 in a week.

Today's weekly summary, issued by the defense department, reported 3,870 deaths, of which 5,258 were killed in action, 607 died of wounds, and five are now known to be dead after previously being reported missing in action.

It listed the wounded at 23,477 (including the 607 who later died). Missing in action: 5,143.

The new totals are based on notifications to next-of-kin through Dec. 8, but probably reflect few of the losses suffered when United Nations forces were hit by the huge Chinese Communist offensive.

This is because of the time lag resulting from the notification procedure. The first effects of the enemy offensive probably will begin to show in casualty reports a week or two from now.

Today's announcement said total Army casualties are 28,713. Of these, 4,395 were killed in action, 19,421 wounded (474 of these later died, and 4,897 are missing in action).

The Navy: 366 casualties, including 45 killed in action, 263 wounded (seven later died), and 38 missing.

Marines: 4,517 casualties, including 721 killed in action, 3,774 wounded (123 later died), and 22 missing.

Air Force: 282 casualties, including 97 killed in action, 19 wounded (three later died), and 166 missing.

Of the total of 5,143 missing in action for all the services, 630 were given as having later been returned to U. S. military control. 107 are currently known to be captured, and 4,401 are still missing—as of the notifications to next of kin through Dec. 8.

The Christmas choir of the C. Y. C. organization met Sunday afternoon at the Presbyterian church for their first practice. Supper was served by the members of the Presbyterian church.
